TOWN CLERK'S REPORT

Town Meeting Monday, March 5, 1934

Agreeable to a Warrant signed by the Selectmen February 13, 1934, the inhabitants of the Town of Stoneham, qualified to vote in elections and town affairs, met in Armory Hall in said town on Monday, March 5, 1934, at seven o'clock in the forenoon.

The meeting was called to order by Moderator Ralph R. Patch and the warrant read.

The Tellers appointed by the Selectmen, as required by law, were sworn by the Town Clerk and assigned to duty as follows:

BALLOT CLERKS

Republicans — Dennis J. Quinlan, Joseph C. Thompson.

Democrats — Harry W. Delano, Donald J. Morrison.

TELLERS

Republicans — Rollo M. Baker, Helen M. French, George E. Lister, Charles H. Parsons, Herbert W. Rice, William N. Rogers, Henry D. Strail, Winthrop A. McCarthy.

Democrats — Helen M. Barry, Marie M. Burns, Annie L. Cody, Alonzo H. Dempsey, Mary A. Dever, Margaret M. Hanright, Mary A. McDonough.

The ballots were given to the Ballot Clerks, a receipt taken from them for the same, the ballot boxes were opened and examined, the registers set at 0, locked, and the keys given to the Moderator, after which the polls were declared open.

The Moderator appointed as additional Tellers to assort and count ballots, the following who were sworn by the Town Clerk:

Republicans — Beulah J. Anderson, Barbara E. Babin, Charles V. Blackburn, Stella A. Geremonte, Harold B. Hayward, Carl A. Hedberg, Bessie M. Lund, Gordon D. Marston, Francis B. McLaughlin, Arthur E. Robinson, Lorimer W. Sargeant, Ralph W. Tolman, Catherine W. Twombly, Lillian B. Wainwright.

Democrats — Catherine W. Ahern, Uldoric S. Berube, M. Louise Fitzgibbons, James E. Fulton, Mary A. Hamill, Herbert N. Louis, Martin J. Markham, Elizabeth G. McGowan, Peter P. Meehan, Elizabeth T. Reynolds, Edward M. Sheridan, John F. Surrence, Florence E. Tole, Edwin W. Young.

By unanimous consent of the Moderator and Town Clerk the ballot boxes were opened and ballots taken therefrom for the purpose of counting.

The Tellers appointed to assort and count ballots were divided into groups of four, two Republicans and two Democrats in each group.

At eight o'clock in the evening the polls were declared closed at which time the ballot box No. 1 registered 1729 and the ballot box No. 2 registered 1957 as ascertained by the Town Clerk.

The check lists at the gates had the names of 3686 as having received ballots.

The check lists at the ballot boxes had the names of 3686 persons checked as having voted.

The number of unused ballots returned to the Town Clerk was 1628.

The number of ballots taken from the ballot boxes, as counted by the Moderator was 3686.

All the ballots cast having been sorted and counted by the Tellers, the blocks of ballots sealed, the total tally sheets proved and signed in accordance with the law, declaration of the vote was made as follows:

Voted that the Moderator appoint a committee of three to appoint three members of the Finance and Advisory Board. Under the foregoing vote, the Moderator appointed the following committee: George R. Barnstead, Frank E. Harris, Ralph W. Arnold.

All the requirements of the law having been complied with it was voted to adjourn to meet in Armory Hall on Monday, March 12, 1934, at seven thirty o'clock in the evening.

Adjourned Town Meeting, Monday, March 12, 1934

In accordance with the vote of adjournment passed March 5, 1934, the inhabitants of the Town of Stoneham, qualified to vote in elections and town affairs, met in Armory Hall on Monday, March 12, 1934, at seven-thirty o'clock in the evening.

The Moderator appointed as Tellers to check the names of those entering the hall: Helen M. French, Henry D. Strail, Charles H. Parsons, Arthur E. Robinson, Helen M. Barry, Marie M. Burns, Margaret M. Hanright, Peter P. Meehan, who were sworn by the Town Clerk. The check lists showed that Seven Hundred and Four voters entered the hall.

The meeting was called to order by the Moderator, Frederick P. Hanford, who declared a quorum present.

Article 2. To choose all other necessary Town Officers for the year ensuing.

Voted: That the Selectmen be authorized to appoint all other necessary Town officers, whose appointment is not otherwise provided for by law.

Article 3. To hear the reports of Town Officers and Committees and to act thereon and to choose Committees.

Voted: That the reports of Town Officers and Committees, not otherwise acted upon, be accepted as printed in the Annual Town Report for 1933.

REPORT OF COMMITTEE TO NOMINATE MEMBERS OF THE PLANNING BOARD

Your committee recommends and nominates the following citizens as members of the Planning Board to serve for a term of three years: William A. Garside, Ida G. FitzGerald, Frederick P. Hanford, John N. Kelly.

HOWARD W. WATSON,
M. FRANK CORCORAN,
LAURA E. B. MACKAY,
Committee.

Voted: That William A. Garside, Ida G. FitzGerald, Frederick P. Hanford and John N. Kelly serve as members of the Planning Board for a term of three years.

REPORT OF COMMITTEE TO APPOINT MEMBERS OF THE FINANCE AND
ADVISORY BOARD

Mr. Charles A. Owen, Town Clerk,
The Town of Stoneham.

Dear Sir:

According to your letter of March 6th, we have appointed the following to serve as members of the Finance and Advisory Board for the term of three years: Elizabeth G. Boyd, George P. Kimball, Almond H. Smith.

Very truly yours,

GEORGE R. BARNSTEAD.

DR. FRANK E. HARRIS.

RALPH W. ARNOLD.

Article 4. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and to make appropriations for the same.

The recommendations of the Finance and Advisory Board were laid before the meeting.

Voted: That the Town do raise and appropriate the sum of \$100.00 for Christmas Lighting, the same to be expended under a committee of five, to be named by the Moderator. (Not approved by Emergency Finance Board.)

Article 19. To see if the town will vote to raise and appropriate money to pay unpaid bills incurred in the year 1933. (Town Accountant.)

Voted: That the sum of \$4,426.51 be raised and appropriated to pay unpaid bills of the Public Welfare Department.

Article 20. To see if the town will vote to accept Section 100A of Chapter 41 of the General Laws of Massachusetts. (Town Counsel.)

Voted: That the Town do accept the provisions of Section 100A of Chapter 41 of the General Laws.

Article 21. To see if the town will vote to raise and appropriate money to indemnify Andrew J. Tuney, a police officer of the town of Stoneham, for expenses and damages incurred by him in the settlement of the suit of Oscar W. Lundberg. (Attorney for Oscar W. Lundberg.)

Voted: That the Town raise and appropriate the sum of \$2000.00 to indemnify Andrew J. Tuney, a police officer of the Town of Stoneham for expenses and damages incurred by him in the settlement of the suit of Oscar W. Lundberg, said sum to be in full settlement of all claims and demands of said Lundberg against said Tuney arising out of the accident of November 14, 1931, and in full satisfaction of the execution outstanding against said Tuney. (Reduced by Emergency Finance Board to \$1,500.00.)

Article 22. To see if the town will vote to raise and appropriate a sum of money to provide for refunds on licenses for the sale of wines and malt beverages surrendered under the provisions of Chapter 376 of the Acts of 1933. (Selectmen.)

Voted: That the sum of \$200.00 be raised and appropriated to provide for refunds on licenses for the sale of wines and malt beverages surrendered under the provisions of Chapter 376 of the Acts of 1933.

Article 23. To see if the town will appropriate a sum sufficient to pay the County of Middlesex as required by law on account of assessments levied on the town for its share of the principal of

the Middlesex County Tuberculosis Hospital Funding Loan, Act of 1932 bonds maturing in 1934, issued in compliance with Chapter 10, Acts of 1932, also for any other indebtedness incurred and outstanding under said Chapter 10, also for the town's share of the cost and interest on said bonds due in 1934, also for the town's share of the expense incurred under the provisions of Chapter 331 of the Acts of 1933 which provided for the settlement of certain claims of the Commonwealth against the Middlesex County Tuberculosis Hospital District, also for the care, maintenance, and repair of said hospital for 1933, and including interest on temporary notes issued therefor in accordance with sections of Chapter 111 of the General Laws applicable thereto, and for all other expenses in connection therewith, determine how the money shall be raised, or in any way act thereon.

Voted: That the sum of \$5,000.00, this being the Town's share of the principal of the Middlesex County Tuberculosis Hospital Funding Loan, Act of 1932 bonds maturing in 1934, be and the same is hereby appropriated, and that a further sum of \$743.30 be and hereby is appropriated on account of interest and other charges on account thereof. That a further sum of \$463.36 be and hereby is appropriated for the town's share of the expense incurred under the provisions of Chapter 331 of the Acts of 1933, which provided for the settlement of certain claims of the Commonwealth against the Middlesex County Tuberculosis Hospital District. That a further sum of \$1,813.54 be and hereby is appropriated for the Town's share of the net cost of care, maintenance, and repairs of the Middlesex County Hospital, including interest on temporary notes issued therefor, in accordance with sections of Chapter 111 of the General Laws applicable thereto.

Article 24. (a) To see if the town will vote to raise and appropriate a sum of money to buy materials and supplies and to pay for other expenses in connection with Civil Works Administration projects which may be approved, or do anything in relation thereto. (Board of Selectmen.)

(b) To see if the town will vote to reimburse Horace I. Newcomb for services and expenses as Civil Works Administrator, raise and appropriate money therefor, or do anything in relation thereto.

(c) To see if the town will vote to compensate the Civil Works Administrator for future services and expenses, raise and appropriate money therefor or do anything in relation thereto.

(a) Voted: That the subject matter of this paragraph be indefinitely postponed.

(b) Mr. Lister, for the Finance and Advisory Board, Moved: That the Town raise and appropriate the sum of \$60.00 to reimburse Horace I. Newcomb for expenses and extra services rendered as a member of the Board of Public Welfare during the period of Civil Works Administration. This motion was lost.

(c) Mr. Lister, for the Finance and Advisory Board, Moved: That the Town pay to the member of the Board of Public Welfare who shall also be acting as Civil Works Administrator, \$35.00 a week as additional compensation as a member of the Board of Public Welfare during the period of Civil Works Administration, and raise and appropriate the sum of \$500.00 therefor.

A motion to indefinitely postpone consideration of this section was lost. Yes, 217; No, 287.

A vote was then taken on the original motion with the following result. Yes, 221; No, 284; and the motion was declared lost.

Article 25. To see if the town will vote to raise and appropriate money to provide for any overdraft on account of the resurfacing Montvale Avenue in the year 1933, or do anything in relation thereto. (Board of Selectmen.)

Voted: That the Town raise and appropriate the sum of \$3,000.46 to provide for overdrafts incurred in the resurfacing of Montvale Avenue in the year 1933.

Article 26. To see if the town will vote to reconstruct the Fire Alarm System, raise and appropriate money therefor, or do anything in relation thereto. (Committee on Fire Alarm.)

Voted: That the sum of \$8,000.00 be raised and appropriated for the reconstruction of the Fire Alarm System. Yes, 223, No, 168.

Voted: That this appropriation be expended under the direction of a committee of five to be appointed by the Moderator. (Not approved by the Emergency Finance Board.)

Article 27. To see if the town will vote to raise and appropriate money to equip the Police Signal System with new batteries, or do anything in relation thereto. (Police Department.)

Voted: That the sum of \$300.00 be raised and appropriated to equip the police signal system with new batteries.

Article 28. To see if the town will vote to raise and appropriate money for the installation of Pedestrian Signal Buttons in connection with existing traffic system at the following points: Main Street and Elm Street; Main Street and Montvale Avenue; Main Street and Marble Street, or do anything in relation thereto. (Board of Selectmen.)

Voted: That the subject matter of this article be indefinitely postponed.

Article 29. To see if the town will vote to remodel or repair Armory Hall with labor to be furnished by the Civil Works Administration, or otherwise, raise and appropriate money therefor, or do anything in relation thereto.

Voted: That the subject matter of this article be indefinitely postponed.

Article 30. To see if the town will vote to build a school house of eight class rooms and auxiliary rooms on land now owned by the town, located on Summer Street and equip same, except for instructional supplies, raise and appropriate money therefor by

sale of notes, bonds or otherwise; authorize the Moderator to appoint a committee of five to carry out any vote or votes passed hereunder, or do anything in relation thereto. (Residents of the South End.)

Voted: That the subject matter of this article be indefinitely postponed.

Article 31. To see if the town will vote to resurface Franklin Street, between Main Street and the Stoneham-Melrose line or any part thereof, raise and appropriate money therefor by the sale of notes, bonds or otherwise, or do anything in relation thereto. (Board of Selectmen.)

Voted: That the Town do resurface Franklin Street between Main Street and the Stoneham-Melrose line or such part thereof as may be done within the appropriation and sums allotted by the State and County.

Article 32. To see if the town will vote to resurface Spring Street, between East Street and Stoneham-Wakefield line or any part thereof, raise and appropriate money therefor by the sale of notes, bonds or otherwise, or do anything in relation thereto. (Board of Selectmen.)

Voted: That the subject matter of this article be indefinitely postponed.

Article 33. To see if the town will vote to resurface Summer Street throughout its entire length, or any part thereof, raise and appropriate money therefor by the sale of notes, bonds or otherwise, or do anything in relation thereto. (Board of Selectmen.)

Voted: That the Town do resurface Summer Street throughout its entire length or such part thereof as may be done within the appropriation and sums allotted by the State and County.

Articles 31 and 33.

Voted: That for the purpose of resurfacing Franklin Street and Summer Street as voted under Articles 31 and 33 of this warrant, the sum of \$30,000.00 be appropriated therefor, said sum to be expended in conjunction with sums allotted by the Division of Highways or the County Commissioners or both; and that, to meet said appropriation there be raised in the levy of the current year the sum of \$4,000.00, and the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$26,000.00 and to issue bonds or notes of the Town therefor, said bonds or notes to be payable in accordance with the provisions of Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than five years from the date of issue of the first bond or note or at such earlier dates as the Treasurer and Selectmen may determine. Unanimous.

Article 34. To see if the town will vote to purchase a power road grader, raise and appropriate money therefor, or do anything in relation thereto. (Supt. of Public Works.)

Voted: That the Town do purchase a power road grader and

raise and appropriate the sum of \$3,169.00 therefor.

Voted: That this appropriation be expended under a committee of five to be appointed by the Moderator. (Not approved by the Emergency Finance Board.)

Article 35. To see if the town will vote to purchase a compressor and equipment, raise and appropriate money therefor, or do anything in relation thereto. (Supt. of Public Works.)

Voted: That the subject matter of this article be indefinitely postponed.

Article 36. To see if the town will vote to purchase a truck for the use of the Water Department, raise and appropriate money therefor or do anything in relation thereto, and also authorize the disposal of the truck now used by said department. (Supt. of Public Works.)

Voted: That the Town do purchase a truck for the Water Department and raise and appropriate the sum of \$700.00 therefor.

Voted: That the Superintendent of Public Works have authority to dispose of the present Water Department truck.

Article 37. To see if the town will vote to purchase two (2) tractors, raise and appropriate money therefor, or do anything in relation thereto. (Supt. of Public Works.)

Voted: That the subject matter of this article be indefinitely postponed.

Article 38. To see if the town will vote to purchase a truck for the Town Infirmary, raise and appropriate money therefor or do anything in relation thereto; and also authorize the disposal of the truck now used by said department. (Board of Public Welfare.)

Voted: That the subject matter of this article be indefinitely postponed.

Article 39. To see if the town will vote to purchase an automobile for the Police Department, raise and appropriate money therefor or do anything in relation thereto; and also authorize the disposal of one automobile now used by said department. (Police Department.)

Voted: That the Town do purchase an automobile for the Police Department, raise and appropriate the sum of \$625.00 therefor and authorize the Captain of Police to dispose of one automobile now used by said department.

Voted: That this appropriation be expended under a committee of five to be appointed by the Moderator. (Not approved by the Emergency Finance Board.)

Article 40. To see if the town will vote to construct a sewer in and through Elm Street, from the existing sewer therein northeasterly to the Stoneham-Wakefield line; also in and through Crescent Avenue from Elm Street easterly a distance of three hundred (300) feet more or less, together with pumping equipment and the necessary force mains, raise and appropriate money therefor by

the sale of notes, bonds or otherwise, or do anything in relation thereto. (Walter R. Southall and others.)

Voted: That the Town do construct a sewer in and through Elm Street from the existing sewer running northerly to the Stoneham-Wakefield line; also in and through Crescent Avenue from Elm Street easterly, a distance of 300 feet more or less, together with pumping equipment and the necessary force mains, provided money for the payment of labor is furnished through the Federal Civil Works Administration or some other Federal agency.

Voted: That for the purchase of materials and the payment of expenses other than labor, in connection with the sewers voted under this article, there be raised and appropriated the sum of \$3,500.00.

Article 41. To see if the town will vote to construct a sewer in and through Summerhill Street or any part thereof, raise and appropriate money therefor by the sale of notes, bonds or otherwise, or do anything in relation thereto. (Edward J. Conley and others.)

Voted: That the Town do construct a sewer in and through Summerhill Street from the northerly end thereof at its junction with Summer Street to a point near the residence of Patrick J. Regan, provided money for the payment of labor is furnished through the Federal Civil Works Administration or some other Federal Agency.

Voted: That for the purchase of materials and the payment of expenses other than labor, in connection with the sewer voted under this article, there be raised and appropriated the sum of \$1,800.00. (Not approved by the Emergency Board.)

Article 42. To see if the town will vote to construct a drain from Franklin Street at a point near the residence of Samuel Weiss, in and through private land, to a point on Perkins Street near the residence of Ida M. Griffin, in accordance with a plan made by Warren M. Mirick, dated January 15, 1934; raise and appropriate money therefor or do anything in relation thereto. To see if the town will vote to authorize the Selectmen to secure easements from land owners for the purpose of allowing the town to construct a drain in accordance with this Article. (Samuel Weiss and others.)

Voted: That the Town do construct a drain from Franklin Street at a point near the residence of Samuel Weiss in and through private land to a point on Perkins Street near the residence of Ida M. Griffin, in accordance with a plan made by Warren M. Mirick dated January 15, 1934, on file in the office of the Town Clerk, provided easements are obtained from all owners through whose land said drain will pass and that the sum of \$3,000.00 be raised and appropriated therefor. (Reduced by Emergency Finance Board to \$1,000.00.)

Article 43. To see if the town will vote to re-lay the water

main in Summer Street, or any part thereof, raise and appropriate money therefor by the sale of notes, bonds or otherwise, or do anything in relation thereto. (Supt. of Public Works.)

Voted: That the subject matter of this article be indefinitely postponed.

Article 44. To see if the town will vote to furnish the services of police officers at the High School public athletic contests, raise and appropriate one hundred and fifty (150) dollars to defray the cost of same, or do anything in relation thereto. (School Committee.)

Voted: That the sum of \$150.00 be raised and appropriated to pay reserve officers of the police department for services at High School public athletic contests. (Not approved by Emergency Finance Board.)

Article 45. To see if the town will vote to raise and appropriate the sum of three hundred and fifty (350) dollars to install a water cooling unit in the High School or do anything in relation thereto. (School Committee.)

Voted: That the sum of \$350.00 be raised and appropriated for the installation of a water-cooling unit in the High School. (Not approved by Emergency Finance Board.)

Article 46. To see if the town will vote to construct a granolithic sidewalk under the Provisions of Chapter 83, General Laws, on the easterly side of Wright Street, between Hersam Street and Montvale Avenue, raise and appropriate money therefor, or do anything in relation thereto. (Supt. of Public Works.)

Voted: That the subject matter of this article be indefinitely postponed.

Article 47. To see if the town will vote to accept, in whole or in part, certain proposed amendments to the Zoning By-Law, recommended by the Committee on Revision of the Zoning By-Law, as set forth in the subject matter of this article, or pass any vote or votes in relation thereto.

(a) To strike out from Article 1 the first paragraph thereof entitled "Purpose" and insert in place thereof the following:

"This by-law is created to regulate the location, size and use of buildings and other structures and uses of land in the Town of Stoneham, as provided by Chapter 40, Section 25, of the General Laws of the Commonwealth of Massachusetts, and amendments thereto, and for the purpose of carrying into effect said provisions and thereby promoting the health of the public, the safety and welfare of the inhabitants, the growth and prosperity of the town and securing the proper development and upbuilding of the Town of Stoneham."

(b) To strike out from Article 1 the paragraphs entitled respectively "Establishment of Districts" and "Zoning Map," and insert in place thereof the following:

"The town is hereby divided into seven classes of districts:

1. One Family Districts.
2. Class A Residence Districts.
3. Class B Residence Districts.
4. Retail Business Districts.
5. General Business Districts.
6. Industrial Districts.
7. Heavy Industrial Districts.

These districts are hereby established as shown on the Town of Stoneham, Mass., Zoning Map on file at the office of the Town Clerk which accompanies and is hereby declared to be a part of this By-Law."

(c) To strike out from Section 2, sub-section 5 of Article 1, the words "farm, truck garden or greenhouse" and add the following: "and farm, stock farm, truck garden, nursery or greenhouse including salesrooms for the sale of natural products raised in or upon any of them," so that said paragraph will read as follows:

"School, library, museum, telephone office, church, parish house or Sunday school building, and farm, stock farm, truck garden, nursery or greenhouse including salesrooms for the sale of natural products, raised in or upon any of them."

(d) To amend Section 2, sub-section 10 of Article 1 by adding the following sentence:

"Except as specified in this section, no sign or other advertising device shall be permitted," so that said paragraph will read as follows:

"An accessory building, or other building, if located in rear of principal building with no direct frontage on public or private way shall not be used for residence purposes except for persons employed on premises and their immediate families.

Except as specified in this section, no sign or other advertising device shall be permitted."

(e) To amend Clause A of Section 2, sub-section 10 of Article 1 by striking out the words "Not exceeding 60 per cent;" in the third paragraph add the words "convalescent homes," and by adding at end of Clause A "nothing herein shall be construed to allow the operation of an institution for the treatment of mental diseases," so that said clause will read as follows:

"An existing double or duplex house if injured by fire may be reconstructed.

A detached single house may be altered and used as a place of residence for two families, providing the area of the lot complies with the area restrictions for two family houses. A duplex or semi-detached house may be erected provided the area restrictions are as follows: 15 feet from any lot line and 30 feet from any residence building on the same lot.

Buildings may be altered and premises used for the following purposes: Semi-public, philanthropic, charitable, or religious institutions, hospitals, sanitarium, convalescent homes, not including a

correctional institution or place of detention, in accordance with Article 2, Section 4.

Nothing herein shall be construed to allow the operation of an institution for the treatment of mental diseases.

(f) To amend Clause C of Section 2, Sub-section 10 of Article 1 by adding the words "except as follows:"

(1) That on lots of under 50 feet frontage a building may be built to 8 feet of a side lot line, provided such lot or lots shall not have been altered or changed in size as of record in the Registry of Deeds since the passage of the original Zoning By-Law.

(2) That in the series of three contiguous house lots the set back required shall be the average set back of said existing lots," so that said clause shall read as follows:

(1) That on lots of under 50 foot frontage a building may be built to 8 feet of a side lot line, provided such lot or lots shall not have been altered or changed in size as of record in the Registry of Deeds since the passage of the original Zoning By-Law.

(2) That in a series of three contiguous house lots the setback required shall be the average setback of said existing lots."

(g) To amend Clause C of Section 2, Sub-section 10, under heading of "Exceptions" by adding the following:

Garages may be built up to side lot line provided all abutters agree in writing and provided the type of garage to be built shall conform to the State laws for first class construction. Said agreements shall be filed with the Building Inspector.

Buildings existing before the passage of the original Zoning By-Law may be extended to 6 feet of the side lot line where the existing building is within 12 feet thereof and may be extended to 4 feet of the side lot line if the existing building is within 10 feet thereof, provided that the ground area covered by the extension shall not exceed 100 square feet.

Porches or piazzas existing before the passage of the original Zoning By-Law may be roofed and enclosed with glass, provided that no part thereof shall be within 5 feet of the street line at any street intersection, so that said paragraph shall read as follows:

"A private garage for not more than two cars may be built to 7 feet of a side lot line if of third class construction and to 5 feet of a side lot line if of second class construction and to 3 feet of a side lot line if of first class or metal construction provided in any case it shall not be within 10 feet of a dwelling on an adjoining lot.

Garages may be built up to side lot line provided all abutters agree in writing and provided the type of garage to be built shall conform to State Laws for first class construction. Said agreement shall be filed with the Building Inspector.

Buildings existing before the passage of the original Zoning By-Law may be extended to 6 feet of the side lot line where the existing building is within 12 feet thereof and may be extended to 4 feet of the side lot line if the existing building is within 10 feet

thereof, provided that the ground area covered shall not exceed 100 square feet.

Porches or piazzas existing before the passage of the original Zoning By-Law may be roofed and enclosed with glass, provided that no part thereof shall be within 5 feet of the street line at any street intersection."

(h) To amend Clause B, Section 3 of Article 1, in the second paragraph under heading "Exceptions" by adding the following:

"Apartment houses shall not be restricted to two and one-half stories provided they shall not exceed 40 feet in height and shall not occupy more than 40% of the lot area;" so that said paragraph will read as follows:

"Schools and municipal buildings may contain three stories and be 45 feet in height.

The height limit in feet shall not apply to chimneys, ventilators, skylights, or tanks usually carried above roofs, nor to domes or spires of non-residential buildings.

Apartment houses shall not be restricted to two and one-half stories provided they shall not exceed 40 feet in height and shall not occupy more than 40% of the lot area."

(i) To amend Section 8 of Article 1 by adding to the present section at the end thereof the following:

"and except that any non-conforming manufacturing use existing at the passage of the original Zoning By-Law in any building may be continued in the same location and such a building may also be used for any purpose set forth in Section 5 under head of General Business", so that said Section 8 shall read as follows:

"Any use existing in any building at the time of passage of this By-Law may be continued in the same building or the same part thereof, although not conforming to the use regulations of the district in which said building is located, but no non-conforming use shall be changed, moved, or extended and no building devoted to a non-conforming use or uses in whole or in part shall be structurally or substantially altered or reconstructed or in any way enlarged or extended unless such non-conforming use or uses are changed to a use or uses authorized in the district in which the building is located as hereinafter provided, and except that any non-conforming manufacturing use existing at the passage of the original Zoning By-Law in any building may be continued in the same location, and such a building may also be used for any purpose set forth in Section 5 under head of General Business."

(j) To amend Section 9 of Article 1 by adding to the present Section at the end thereof the following under the heading of Use of Land:

In one family districts, and in Class A and Class B Residence Districts, no land shall be used for any purpose for which a new building or structure may not be constructed or used under the provisions of this Zoning By-Law, but nothing contained herein

shall prevent the continued use of any land for the purpose for which it was used at the passage of the original Zoning By-Law, nor prevent the use of any land for farms, gardens, nurseries, parks, playgrounds and such purposes as are incidental to or usual in connection with any of said purposes, so as to read as follows:

"A non-conforming use may be extended or moved in any building provided that the building is not structurally or substantially changed and provided also that in a Residence or Commercial District a non-conforming use is not extended or moved to any building designed, arranged or extended to a conforming use."

"In one Family Districts, and in Class A and Class B Residence Districts, no land shall be used for any purpose for which a new building or structure may not be constructed or used under the provisions of this Zoning By-Law, but nothing contained herein shall prevent the continued use of any land for the purpose for which it was used at the passage of the original Zoning By-Law, nor prevent the use of any land for farms, gardens, nurseries, parks, playgrounds, and such purposes as are incidental to or usual in connection with any of said purposes."

(k) To strike out Section 10 of Article 1 and insert in place thereof the following:

When a non-conforming building is destroyed or damaged, it may be restored to substantially its original condition, provided application is made for a building permit by a person entitled thereto within three months from said destruction or damage.

(1) To amend Section 11 of Article 1 by adding to the first sentence of said section the words "and One Family Districts," so that said sentence shall read as follows:

Vision Clearance on Corner Lots in Residence "A" and "B" Districts and One Family Districts.

(m) To amend Section 12 of Article 1 by striking out the word "ten" in the fifth line and substituting the word "seven" therefor, so that said Section will read as follows:

"On a corner lot, no fence, wall or structure, planting or foliage, more than 3½ feet in height above the plane of the established grade of the streets shall be erected in any part of a front or side yard herein established, that is included within the street lines at points which are seven feet distant from their point of intersection, measured along said street lines, which will materially obstruct the view of a driver of a vehicle approaching a street intersection. This shall not apply to structures above the first story."

(n) To amend Clause A, Section 1 of Article 2 by striking out the word "execute" in the second line and substituting therefor the word "enforce", so that said clause will read as follows:

"The Building Inspector appointed under provisions of the Building Regulations shall enforce the provisions of this By-Law."

(o) To amend Clause E, Section 1 of Article 2, by adding:

"In all other matters the Building Inspector shall have all

authority granted him under the Provisions of the statute law or Town By-Laws;" so that said Clause will read as follows:

"If the Inspector shall be informed or knows that any provision of this By-Law has been, or is being violated he shall inspect the property where the violation exists. If he shall find any such violation he shall give notice in writing, to the owner or his authorized agent and to the occupant of premises that any use of building or structure contrary to this By-Law shall immediately cease. If after such notice the building or structure is used contrary to provisions of this By-Law or if any owner or occupant fail to obey a lawful order of the Inspector in respect to any violation of this By-Law he may revoke the permit for occupation of the premises and shall make complaint to the court having jurisdiction thereof or apply to the Superior Court for an injunction or order restraining the further use of premises and shall take any and all such action as may be necessary to enforce this By-Law. In all other matters the Building Inspector shall have all authority granted him under the Provisions of the statute law or Town By-Laws."

(p) To amend Section 3 of Article 2 by adding to paragraph entitled "Terms of Office," the following:

"No member of the Board of Appeal shall serve more than one full term consecutively;" so that said paragraph will read as follows:

"When said Board is first constituted the terms of the members shall be as follows:

Members nominated by Planning Board and Board of Health, two years.

Members nominated by Board of Assessors and Park Commission, one year.

Member nominated by Board of Survey, three years, said terms to begin on May 1 next succeeding the passage of these By-Laws. Thereafter, as the term of any member expires, or his office becomes vacant from any cause, his successor shall be nominated and appointed in the same way in which such office was originally filled and for the term of three years.

Members of said Board of Appeal shall be residents of Stoneham, shall hold office during such residence until their successors are duly qualified and may be removed after hearing by the Selectmen.

A chairman of said Board and in his absence an acting chairman shall be chosen by and from the members thereof. No member shall act in any case in which he is interested financially or otherwise.

No member of the Board of Appeal shall serve more than one full term consecutively."

(q) To amend Section 3, Article 2, of paragraph entitled "Rules and Regulations" by adding the words "for its procedure," so that said paragraph shall read as follows:

"The Board shall make such rules and regulations as it deems expedient for its procedure."

(r) To amend Section 4 of Article 2 by adding the words "and any amendments thereof," so that said paragraph will read as follows:

"The Board of Appeal shall hold a public hearing thereon after posting notice upon the property with respect to which the appeal is filed, and sending a written notice delivered by mail, postpaid, to the petitioner and to the owners of all property in the immediate vicinity deemed by the Board to have interest therein, or to be affected thereby as they appear on the most recent tax list; and the notice of said hearing shall also be advertised in a newspaper published in the Town of Stoneham so as to conform to the provisions of Chapter 133 of the Acts of 1924 and any amendments thereto."

(s) To amend Sub-section 22, Section 9, Article 2, by striking out the word "porches" therein, so that said sub-section shall read as follows:

"Setback or Line of Setback. The distance from the street line to part of structure nearest the street measured at right angles to the street line, not including cornices, walls and fences."

(t) To amend Section 9 of Article 2, by adding to said section a sub-section to be known as Sub-section 25, reading as follows:

"Lot Lines of Corner Lot. The back lot line of a corner lot in every case shall be considered as the side lot line of the adjacent lot and not the back lot line of the corner lot."

Article 48. To see if the town will vote to repeal the Zoning By-Law. (John H. McGaffigan and others.)

Voted: That the subject matter of this article be indefinitely postponed.

Article 49. To see if the town will vote to amend the Zoning By-Law by adding to the present limits of the retail business district as heretofore defined and set forth, so as to include in the retail business district the following described area:

Beginning at a point on the westerly side of Main Street at the junction of land owned by John F. Zunino and the Commonwealth of Massachusetts, thence extending northerly by and along the westerly side of Main Street a distance of 137.90 feet; thence westerly a distance of 75 feet, thence southerly a distance of 123.89 feet to land of said Commonwealth; thence easterly a distance of 76.30 feet, to the point of beginning. (John F. Zunino.)

Voted: That the subject matter of this article be indefinitely postponed.

Article 50. To see if the town will vote to amend the Zoning By-Law by adding to the present limits of the retail business district as heretofore defined and set forth, so as to include in the retail business district the following described area:

Beginning at a point on the easterly line of Main Street at

land now or formerly belonging to Allen Rowe, thence running southeasterly by land of said Rowe and land now or later of Elbridge Gerry, about two hundred fourteen and one-half (214.5) feet to a point; thence turning and running southwesterly by land of said Gerry, three hundred sixty and one-half (360.5) feet to a point; thence turning and running northwesterly by land now or late of Daniel Hill's heirs, two hundred thirteen (213) feet to the easterly line of Main Street; thence turning and running northeasterly by said line of Main Street, three hundred forty-six and one-half (346.5) feet to the point of beginning, and containing about 75,300 sq. ft. of land. (Eastern Massachusetts Street Railway Company.)

Voted: That the subject matter of this article be indefinitely postponed.

Article 51. To see if the town will vote to amend the Zoning By-Law as to Article 1 by creating a One Family Residence District bounded as follows: Westerly by High Street, Southerly by Broadway, Easterly and Northerly by the Stoneham-Wakefield line. (Petition.)

Voted: That the Town do amend the Zoning By-Law by creating a One Family Residence District bounded as follows: Westerly by High Street; Southerly by Broadway; Easterly and Northerly by Stoneham-Wakefield line. Unanimous.

Article 52. To see if the town will vote to amend the Zoning By-Law by adding to the present limits of the Residence "B" District as heretofore defined and set forth, so as to include in the Residence "B" District the area bounded on the south by the northerly side of Emerson Street, on the east by the westerly side of Pine Street, on the north by the southerly line of Tidd Street, a discontinued way, as laid out June 23, 1860, and on the west by a line parallel to and 100 feet east of the easterly side of Central Street. (Planning Board.)

Voted: That the Town do amend the Zoning By-Law by adding to the present limits of the Residence "B" District as heretofore defined and set forth, so as to include in the Residence "B" District the area bounded on the south by the northerly side of Emerson Street, on the east by the westerly side of Pine Street, on the north by the southerly line of Tidd Street, a discontinued way, as laid out June 23, 1860, and on the west by a line parallel to and 100 feet east of the easterly side of Central Street. Unanimous.

Committees Appointed by Moderator under Votes passed at the Town Meeting, March 12, 1934

Article 18. Christmas Lighting—William F. Wilson, Chairman; Charles Baldwin, Albert Nelson, Luther Hill, Joseph C. Thompson.

Article 26. Reconstruction of Fire Alarm System—Everett

C. Hunt, Almond H. Smith, Carl F. Daly; D. W. Poore, William F. McCall.

Article 34. Purchase of Power Road Grader—William C. Doherty, Harry R. Dockam, Cornelius J. Sweeney, George P. Kimball, Howard S. Palmer.

Article 39. Purchase of Police Automobile—John C. Nelson, Thomas E. Cahill, Ralph A. Jenkins, T. Arthur Pettengill, Royal S. Rose.

State Primary, Tuesday, April 24, 1934

Agreeably to the foregoing Warrant, the inhabitants of the Town of Stoneham, qualified to vote in primaries, met in Armory Hall in said Town, Tuesday, the twenty-fourth day of April, 1934, at two o'clock in the afternoon.

The meeting was called to order by Harry R. Dockam, Chairman of the Board of Selectmen and the warrant read.

The Tellers appointed by the Selectmen as required by law were sworn by the Town Clerk and assigned to duty as follows:

BALLOT CLERK

Democrat — Harry W. Delano.

TELLERS

Republicans — Herbert W. Rice, Charles H. Parsons, Helen M. French, Barbara E. Babin.

Democrats — Donald J. Morrison, Marie M. Burns, Helen M. Barry.

Three boxes said to contain 3,833 Republican official ballots and 1,685 Democratic official ballots were delivered to the Ballot Clerks who gave a receipt for the same.

The ballot box was opened, examined, the dial set at 0, locked and the key given in charge of the Chairman and the polls declared open to receive ballots.

At 8.00 o'clock in the evening the polls were declared closed, at which time the ballot box registered 88, as ascertained by the Town Clerk.

The check lists at the gates had the names of 88 persons checked as having received ballots, 70 Republicans and 18 Democrats.

The check lists at the ballot box had the names of 88 persons checked as having voted, 70 Republicans and 18 Democrats.

The number of ballots taken from the ballot box as counted by the Chairman was 88; 70 Republicans and 18 Democrats.

The number of unused ballots returned to the Town Clerk was 5,430; 3,763 Republican and 1,667 Democratic.

Four of the Tellers, two Republicans and two Democrats, were assigned to count the ballots.

All the Republican ballots cast having been sorted and counted, the tally sheets signed by the Tellers, the blocks of ballots

sealed, the total tally sheet proved and signed in accordance with the law, declaration of the same was made as follows:

All requirements of law having been complied with it was then Voted: To adjourn.

Town Meeting, Monday, September 10, 1934

Agreeable to a Warrant signed by the Selectmen, August 28, 1934, the inhabitants of the Town of Stoneham, qualified to vote in elections and town affairs, met in Armory Hall, in said town on Monday, September 10, 1934, at eight o'clock in the evening.

The Tellers appointed to serve on the check lists were as follows: Helen M. Barry, Marie M. Burns, Helen M. French, Peter P. Meehan, Charles H. Parsons, Henry D. Strail, who were sworn by the Town Clerk. The check lists showed that 470 voters entered the hall.

The meeting was called to order by the Moderator, Frederick P. Hanford, and the Warrant read.

Article 1. To hear the reports of committees and to act thereon and to choose committees.

The committee on Center School Building presented the following report:.

"This committee was appointed to bring in a report at the next town meeting as to the disposition of the Center School Building. Several meetings were held, and on one occasion the entire committee visited the property and went over the building to ascertain its present condition. After viewing the property, a member of the committee who is a local contractor, estimated that the cost to put the building in condition for school purposes would be between \$8,000 and \$10,000.

A sub-committee conferred with the School Committee in regard to the probable use that could be made of the building. The report of this sub-committee is as follows:

The School Committee can use the building if put in condition for a school building, but by redistricting can get along without more primary school facilities for at least two years, and without more high school facilities for at least five years.

It was also ascertained by this committee that the Planning Board has no definite plans in the near future for use of the land

on which the school building now stands. Taking these facts into consideration, namely the expenditure of approximately \$10,000 to repair the building which the School Committee can get along without for a number of years, and the financial condition of the town, the committee recommends as follows:

That the roof of the Center School Building be repaired, made water tight, and windows boarded up to prevent further damage to the property until such time as the town needs the building for school purposes. The estimated cost is approximately \$200, and an article is contained in the warrant for this special town meeting to take care of this appropriation.

HARRY R. DOCKAM,
 THOMAS E. CAHILL,
 EVERETT C. HUNT,
 EDWARD M. NOONAN,
 C. F. MUNGER,
 JOSEPH BUTLER,

Committee on Center School Building."

Article 2. To see if the Town will vote to instruct the Moderator to appoint a committee of three to select a committee of seven to investigate in regard to the location, type and financing of a swimming pool for the Town of Stoneham and report at the next annual Town Meeting, or do anything in relation thereto.

Voted: That the Moderator be instructed to appoint a committee to investigate in regard to the location, type, and financing of a swimming pool for the Town of Stoneham and report at the next annual Town Meeting.

Article 3. To see if the Town will vote to raise and appropriate money in addition to the sums already appropriated for the following purposes:

Board of Public Welfare — Outside Relief.
 Board of Public Welfare — Clerk.
 Board of Public Welfare — Administration.
 Old Age Assistance.
 Elm Street Sewer Construction.

Voted: That the town do appropriate the sum of \$13,586, to be appropriated as follows:

Board of Public Welfare, Outside Relief	\$8,500.00
Board of Public Welfare, Clerk	286.00
Board of Public Welfare, Administration	300.00
Old Age Assistance	4,300.00
Elm Street Sewer Construction	200.00

Voted: That the sum of \$13,586 as appropriated under this article be raised as follows:

\$874.25 to be transferred from the appropriations for Pensions, under provisions of Article 11 of this warrant and \$5,000 be transferred from the appropriation for Interest under said article, and that the sum of \$7,711.75 be raised in the levy of the current year.

Article 4. To see if the Town will vote to raise and appropriate the sum of seven thousand five hundred (7,500) dollars to be used for the purchase of materials, appliances and truck hire on Federal Aid projects.

Voted: That the sum of \$7,500 be raised and appropriated for the purchase of materials, appliances and truck hire on Federal Aid projects, said sum to be expended under direction of the Board of Selectmen and Finance and Advisory Board.

Article 5. To see if the Town will vote to raise and appropriate the sum of six hundred (600) dollars to purchase an automobile for the Police Department, also authorize the disposal of one automobile now used by said department, or do anything in relation thereto.

Voted: That the sum of \$600 be raised and appropriated to purchase an automobile for the Police Department and that the disposal of one automobile now used by said Department be authorized.

Voted: That the Selectmen and Captain of Police purchase the automobile authorized under this article.

Article 6. To see if the Town will vote to raise and appropriate the sum of ninety (90) dollars to install a radio in Police car and Police Station, or do anything in relation thereto.

Voted: That the sum of \$90 be raised and appropriated to install a radio in police car and police station.

Article 7. To see if the Town will vote to raise and appropriate the sum of one hundred seventy-five (175) dollars to install and maintain a Police Teletypewriter System, or do anything in relation thereto.

Voted: That the subject matter of this article be indefinitely postponed.

Article 8. To see if the Town will vote to demolish, remove or otherwise dispose of the old Center School Building.

Voted: A motion to indefinitely postpone the subject matter of this article was made. This motion was lost.

Yes	137
No	229

A motion was then made that the Selectmen be a committee to demolish the Center School Building, said operations to start before October 15th. This motion was carried in the affirmative.

Yes	217
No	99

A motion was then made and carried in the affirmative that the foregoing vote be rescinded. It was then voted without division that the Selectmen be authorized to demolish, remove, or otherwise dispose of the old Center School Building, operations to be commenced before October 15th.

Article 9. To see if the Town will vote to raise and appropriate the sum of two hundred (200) dollars for repairing roof and

boarding up windows of Center School.

Voted: That the subject matter of this article be indefinitely postponed.

Article 10. To see if the Town will vote to raise and appropriate the sum of twenty-three hundred and twenty (2,320) dollars for the purchase of materials and the payment of expenses other than labor for the completion of three asphalt tennis courts on the Pomeworth Street Playgrounds, or do anything in relation thereto.

A motion was offered that the sum of \$2,320 be raised and appropriated for the purchase of materials and the payment of expenses other than labor for the completion of three asphalt tennis courts on the Pomeworth Street Playgrounds. An amendment to this motion was offered to add that the work be done under the direction of the Finance and Advisory Board, the Selectmen, and the Park Commissioners. This amendment was lost and the original motion was carried in the affirmative.

Article 11. To see if the Town will vote to transfer the following sums, or any part thereof, to any of the appropriations voted under articles in this warrant:

(a) From the appropriation for Pensions — \$874.25.

(b) From the appropriation for Interest — \$5,000.00.

Voted: That the sum of \$874.25 be transferred from the appropriation for Pensions to the appropriation for Public Welfare, Outside Relief, and that the sum of \$5,000 be transferred from the appropriation for Interest to said appropriation for Outside Relief; and that the Town Accountant be and hereby is authorized to make such transfers on the books of the Town.

Article 12. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money for general municipal purposes under authority of and in accordance with the provisions of Chapter 49 of the Acts of 1933, or take any action relative thereto.

Voted: That the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow for general maintenance expenses of the Town the sum of \$25,000, but in no event a sum in excess of the amount of tax titles taken or held by the Town, and to issue a note or notes of the Town therefor, all in accordance with the provisions of Chapter 49 of the Acts of 1933. The Assessors are authorized to use the amount received as available funds in fixing the tax rate. Unanimous.

Article 13. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money under authority of and in accordance with the provisions of Chapter 307 of the Acts of 1933 as amended by Chapter 335 of the Acts of 1934, or to take any action relative thereto.

Voted: That the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow under authority of and in accordance with the provisions of Chapter 307 of the Acts of

1933 as amended by Chapter 335 of the Acts of 1934, the sum of \$10,000 and to issue a note or notes of the Town therefor, said note or notes to be paid in not more than four years or at such times as may be directed by the Emergency Finance Board named in Chapter 49 of the Acts of 1933.

The proceeds of the loan shall be applied to meeting the appropriations made for welfare and the Assessors are authorized to use the amount received as available funds in fixing the tax rate. Unanimous.

Article 14. To see if the Town will vote to amend the Zoning By-Law by adding at the end of the first paragraph of Section 7A of Article 1, the following: "Beginning at the most northerly corner on William Street and running southeasterly by William Street 93.28 feet; southerly by Central Street 128.95 feet; westerly by land now or formerly of Rebecca J. Beard, et als 94.95 feet; northerly by Main Street 178.35 feet; northeasterly 5.9 feet to beginning," so that said paragraph will read:

"No Public Garage, Automobile Repair Shop, Greasing Station, Storage Battery Service Station or Gasoline Selling Station, or any of their appurtenances or accessory uses, shall hereafter be erected or placed within fifty feet on the street line of any Residence District. No driveway to such premises shall be in any part within fifty feet of any Residence District. No such Public Garage, Automobile Repair Shop, Greasing Station, Storage Battery Service Station, or Gasoline Selling Station, or any of their appurtenances or accessory uses, shall have any entrance or exit for motor vehicles within three hundred feet of the property used by any public or private school having more than twenty-five pupils, public library, church, playground, or institution for the sick, dependent, or for children under sixteen years of age having provision for not less than ten inmates, excepting the following described areas: Beginning at the northeasterly corner of Main Street and Hancock Street and thence running northerly by and along the easterly side of Main Street one hundred sixty-two (162) feet; thence easterly one hundred fourteen (114) feet; thence southerly one hundred sixty-six (166) feet to the northerly side of Hancock Street; thence westerly by and along the northerly side of Hancock Street ninety-nine and six tenths (99.6) feet to the point of beginning; also beginning at the most northerly corner on William Street and running southeasterly by William Street 93.28 feet; southerly by Central Street 128.95 feet; westerly by land now or formerly of Rebecca J. Beard et als 94.95 feet; northerly by Main Street 178.35 feet; northeasterly 5.9 feet to point of beginning.

Voted: That the subject matter of this article be indefinitely postponed.

Adjourned at 10.30 P. M.

State Primary, Thursday, September 20, 1934

Agreeably to a Warrant signed by the Selectmen September 4, 1934, the inhabitants of the Town of Stoneham, qualified to vote in primaries, met in Armory Hall in said Town, Thursday, the twentieth day of September, 1934, at twelve o'clock noon.

In the absence of the Selectmen the meeting was called to order by the Town Clerk and the Warrant read.

The Tellers appointed by the Selectmen as required by law were sworn by the Town Clerk, and assigned to duty as follows:

BALLOT CLERKS

Republicans — Donald J. Morrison, Charles H. Parsons.

Democrats — Harry W. Delano, Paul V. McHale.

TELLERS

Republicans — Charles G. Burbank, Henry D. Strail, Herbert W. Rice, Helen M. French, Alice R. Worthen.

Democrats — Helen M. Barry, Marie M. Burns, Mary F. Dever, Mary A. McDonough, Mary A. K. Hamill.

Three boxes said to contain 4,004 Republican official ballots and 1,509 Democratic official ballots were delivered to the Ballot Clerks who gave a receipt for the same.

The ballot boxes were opened, examined, the dials set at 0, locked and the keys given in charge of the Chairman and the polls declared open to receive ballots.

The Chairman appointed as additional Tellers the following, who were sworn by the Town Clerk:

Republicans — Lillian B. Wainwright, George B. Lister, Margaret Butler, Bessie M. Lund, Arthur J. DuFresne, Nellie R. Storey, Charles V. Blackburn, Mary A. Reynolds, Bertha R. Houston, Lulu R. MacNeil, Ruth I. Best.

Democrats — Florence E. Tole, Edward M. Sheridan, Agnes N. Kelly, Nellie Dannahy, Catherine Ahern, John F. Murphy, Helen V. Dougherty, Martin F. McDonough, James E. Fulton, Margaret Hanright, Rose A. McDonough, Sarah McGah, Mary E. Thiesfeldt.

By the unanimous consent of the Chairman and the Town Clerk the ballot boxes were opened at three o'clock in the afternoon and the ballots taken therefrom for the purpose of counting.

At eight o'clock in the evening the polls were declared closed, at which time ballot box number one registered 810, and ballot box number two registered 1027, as ascertained by the Town Clerk.

The check lists at the gates had the names of 1837 persons checked as having received ballots, 1341 Republicans and 496 Democrats.

The number of ballots taken from the ballot boxes as counted by the Chairman was 1837; 1341 Republican and 496 Democratic.

The number of unused ballots returned to the Town Clerk was 2676; 2663 Republican and 1013 Democratic.

The Tellers appointed to sort and count the ballots were di-

vided into groups of four, two Republicans and two Democrats in each group.

All the Republican ballots cast, having been sorted and counted, the tally sheets signed by the Tellers, the blocks of ballots sealed, the total tally sheets proved and signed in accordance with the law, declaration of the same was made as follows:

State Election, Tuesday, November 6, 1934

Agreeably to a Warrant signed by the Selectmen October 23, 1934, the inhabitants of the Town of Stoneham, qualified to vote in elections, met in Armory Hall in said town, Tuesday, the sixth day of November, 1934, at six o'clock A. M.

The Tellers appointed by the Selectmen as required by law were sworn by the Town Clerk, and assigned to duty as follows:

BALLOT CLERKS

Republicans — William C. Gibbons, Donald J. Morrison.

Democrats — Harry W. Delano, Paul V. McHale.

TELLERS

Republicans — Rollo M. Baker, Helen M. French, Leslie C. French, Bessie M. Lund, Winthrop A. McCarthy, Charles H. Parsons, Alice R. Worthen.

Democrats — Helen M. Barry, Marie M. Burns, Mary F. Dever, Margaret M. Hanright, Mary A. McDonough, Sara M. MGah, William J. Monarch.

The ballots were given to the Ballot Clerks, a receipt taken from them for the same, the ballot boxes were opened and exam-

ined, the registers set at 0, locked, and the keys given to the Chairman, after which the polls were declared open.

The Selectmen appointed as additional Tellers to sort and count ballots, the following who were sworn by the Town Clerk:

Republicans — Gordon F. May, Lillian R. Gorham, Joseph A. Keenan, Annie L. Kinsley, Adelaide W. Lister, Bertha C. Moulton, Herbert W. Rice, Nellie R. Storey, Lillian B. Wainwright, Charles V. Blackburn, Charles G. Burbank, Margaret Butler, Allen E. Chapman, Elsie B. Clark, Bertha R. Houston, Mary A. Reynolds, Alwyne C. Howes.

Democrats — Marion G. McDonough, Catherine W. Ahern, Annie L. Cody, Nellie A. Dannahy, Mary A. K. Hamill, Irene L. Hulme, John F. Murphy, Harriet A. Sheridan, Florence E. Tole, Arline Cogan, James E. Fulton, Ellen E. Hogan, Agnes N. Kelly, Charles H. McKenna, Rose A. McDonough, Henry P. McLaughlin, Mary E. Thiesfeldt.

By unanimous consent of the Selectmen and Town Clerk the ballot boxes were opened and ballots taken therefrom for the purpose of counting.

The Tellers appointed to assort and count ballots were divided into groups of four, two Republicans and two Democrats in each group.

At eight o'clock in the evening the polls were declared closed at which time the ballot box No. 1 registered 2022 and the ballot box No. 2 registered 2223 as ascertained by the Town Clerk.

The check lists at the gates had the names of 4245 as having received ballots.

The check lists at the ballot boxes had the names of 4245 persons checked as having voted.

The number of unused ballots returned to the Town Clerk was 2355.

The number of ballots taken from the ballot boxes as counted by the Chairman was 4245.

All the ballots cast having been sorted and counted by the Tellers, the blocks of ballots sealed, the total tally sheets proved and signed in accordance with the law, declaration of the vote was made as follows:

LAW SUBMITTED UPON REFERENDUM AFTER PASSAGE

Shall a law described as follows:

This law amends General Laws, chapter 131, as previously amended, by repealing section 105A thereof and adding thereto three new sections, 105B, 105C, and 114A.

Section 105B provides that whoever uses any trap or other device for capture of fur bearing animals, which is not designed to kill such animal at once or to take it unhurt and which is likely to cause continued suffering to an animal caught therein, shall be fined fifty dollars, but traps or other devices for protection of property, set not more than fifty yards from any building, cultivated plot, or enclosures used for rearing poultry or game birds, to the use of which the presence of vermin may be detrimental, are excluded from the application of this section.

Section 105C provides for the submission to the voters at a municipal election in any city or town upon petition, of the question of whether the operation of section 105B shall be suspended or if it has been already suspended, of the question whether it shall again be operative in such city or town.

Section 114A provides that the Commissioner of Conservation may suspend the operation of section 105B for a period not exceeding thirty days within any specified territory under the control of his department.

The law also provides for the submission, by the selectmen to the voters at a special town meeting in the current year, upon petition, of the question as to whether the provisions of section 105B shall be suspended in any town; and which was approved by both branches of the General Court by vote not recorded, be approved?

Canvas of Votes for Representatives

Twenty-second Middlesex District

COMMONWEALTH OF MASSACHUSETTS

COUNTY OF MIDDLESEX

CITY OF MELROSE

In accordance with the provisions of Section 125, Chapter 54 of the General Laws of Massachusetts, the City Clerk of Melrose, and the Town Clerk of Stoneham, being the City and Town Clerks of every city and town in Representative District number twenty-two within said County, met at the City Hall, Melrose, at noon on Friday, November 16th, A. D. 1934, being the tenth day succeeding the day of the State Election held on Tuesday, November 6th, A. D. 1934, and then and there opened, examined and compared the copies of the records of votes cast at said election for the office of representative, and determined therefrom that Mary Livermore Barrows of Melrose and Joseph A. Milano of Melrose were elected to the office of Representative.

The following is a schedule of all persons for whom votes for Representative were given in said District and the number of votes given for each person, viz.:

Mary Livermore Barrows of Melrose (R)	9071
Edward C. Forbes of Melrose (D)	3986
Clarence E. McIntyre of Stoneham (D)	2628
Joseph A. Milano of Melrose (R)	10026

In witness whereof, we the City Clerk of Melrose and the Town Clerk of Stoneham hereunto set our hands this 16th day of November, A. D. 1934.

VICTOR C. KIRMES, City Clerk of Melrose.

CHARLES A. OWEN, Town Clerk of Stoneham.

Blanks	180
Total	4245

FRED A. LAWSON.
 DANIEL CULLINANE.
 CHARLES A. OWEN, Town Clerk.

Received and filed December 20, 1934.

CHARLES A. OWEN, Town Clerk.

Amendment to Zoning By-Law

COMMONWEALTH OF MASSACHUSETTS

Stoneham, Mass., April 26, 1934.

Middlesex, ss.

I, Charles A. Owen, duly elected and qualified Town Clerk of the Town of Stoneham, in the County of Middlesex, hereby certify that the following is a true copy of Article 47 of the Warrant for

a town meeting of said Town, duly called, warned and held on Monday, March 12, 1934, when said article was before said meeting.

Article 47. To see if the Town will vote to accept, in whole or in part, certain proposed amendments to the Zoning By-Law, recommended by the Committee on Revision of the Zoning By-Law, as set forth in the subject matter of this article, or pass any vote or votes in relation thereto.

(a) To strike out from Article 1 the first paragraph thereof entitled "Purpose" and insert in place thereof the following:

"This by-law is created to regulate the location, size and use of buildings and other structures and uses of land in the Town of Stoneham, as provided by Chapter 40, Section 25, of the General Laws of the Commonwealth of Massachusetts, and amendments thereto, and for the purpose of carrying into effect said provisions and thereby promoting the health of the public, the safety and welfare of the inhabitants, the growth and prosperity of the town and securing the proper development and upbuilding of the Town of Stoneham."

(b) To strike out from Article 1 the paragraphs entitled respectively "Establishment of Districts" and "Zoning Map," and insert in place thereof the following:

"The town is hereby divided into seven classes of districts:

1. One Family Districts.
2. Class A Residence Districts.
3. Class B Residence Districts.
4. Retail Business Districts.
5. General Business Districts.
6. Industrial Districts.
7. Heavy Industrial Districts.

These districts are hereby established as shown on the Town of Stoneham, Mass., Zoning Map on file at the office of the Town Clerk which accompanies and is hereby declared to be a part of this By-Law."

(c) To strike out from Section 2, sub-section 5 of Article 1, the words "farm, truck garden or greenhouse" and add the following: "and farm, stock farm, truck garden, nursery or greenhouse including salesrooms for the sale of natural products, raised in or upon any of them," so that said paragraph will read as follows:

"School, library, museum, telephone office, church, parish house or Sunday school building, and farm, stock farm, truck garden, nursery or greenhouse including salesrooms for the sale of natural products, raised in or upon any of them."

(d) To amend Section 2, sub-section 10 of Article 1 by adding the following sentence:

"Except as specified in this section, no sign or other advertising device shall be permitted," so that said paragraph will read as follows:

"An accessory building, or other building, if located in rear

of principal building with no direct frontage on public or private way shall not be used for residence purposes except for persons employed on premises and their immediate families.

Except as specified in this section, no sign or other advertising device shall be permitted."

(e) To amend Clause A of Section 2, sub-section 10 of Article 1 by striking out the words "Not exceeding 60 per cent;" in the third paragraph add the words "convalescent homes," and by adding at end of Clause A "nothing herein shall be construed to allow the operation of an institution for the treatment of mental diseases," so that said clause will read as follows:

"An existing double or duplex house if injured by fire may be reconstructed.

A detached single house may be altered and used as a place of residence for two families, providing the area of the lot complies with the area restrictions for two family houses. A duplex or semi-detached house may be erected provided the area restrictions are as follows: 15 feet from any lot line and 30 ft. from any residence building on the same lot.

Buildings may be altered and premises used for the following purposes: Semi-public, philanthropic, charitable, or religious institutions, hospitals, sanitarium, convalescent homes, not including a correctional institution or place of detention, in accordance with Article 2, Section 4.

Nothing herein shall be construed to allow the operation of an institution for the treatment of mental diseases.

(f) To amend Clause C of Section 2, Sub-section 10 of Article 1 by adding the words "except as follows:"

(1) That on lots of under 50 feet frontage a building may be built to 8 feet of a side lot line, provided such lot or lots shall not have been altered or changed in size as of record in the Registry of Deeds since the passage of the original Zoning By-Law.

(2) That in the series of three contiguous house lots the set back required shall be the average set back of said existing lots," so that said clause shall read as follows:

(1) That on lots of under 50 foot frontage a building may be built to 8 feet of a side lot line, provided such lot or lots shall not have been altered or changed in size as of record in the Registry of Deeds since the passage of the original Zoning By-Law.

(2) That in a series of three contiguous house lots the setback required shall be the average setback of said existing lots."

(g) To amend Clause C of Section 2, Sub-section 10, under heading of "Exceptions" by adding the following:

Garages may be built up to side lot line provided all abutters agree in writing and provided the type of garage to be built shall conform to the State laws for first class construction. Said agreements shall be filed with the Building Inspector.

Buildings existing before the passage of the original Zoning

By-Law may be extended to 6 feet of the side lot line where the existing building is within 12 feet thereof and may be extended to 4 feet of the side lot line if the existing building is within 10 feet thereof, provided that the ground area covered by the extension shall not exceed 100 square feet.

Porches or piazzas existing before the passage of the original Zoning By-Law may be roofed and enclosed with glass, provided that no part thereof shall be within 5 feet of the street line at any street intersection, so that said paragraph shall read as follows:

"A private garage for not more than two cars may be built to 7 feet of a side lot line if of third class construction and to 5 feet of a side lot line if of second class construction and to 3 feet of a side lot line if of first class or metal construction provided in any case it shall not be within 10 feet of a dwelling on an adjoining lot.

Garages may be built up to side lot line provided all abutters agree in writing and provided the type of garage to be built shall conform to State Laws for first class construction. Said agreement shall be filed with the Building Inspector.

Buildings existing before the passage of the original Zoning By-Law may be extended to 6 feet of the side lot line where the existing building is within 12 feet thereof and may be extended to 4 feet of the side lot line if the existing building is within 10 feet thereof, provided that the ground area covered shall not exceed 100 square feet.

Porches or piazzas existing before the passage of the original Zoning By-Law may be roofed and enclosed with glass, provided that no part thereof shall be within 5 feet of the street line at any street intersection."

(h) To amend Clause B, Section 3 of Article 1 in the second paragraph under heading "Exceptions" by adding the following:

"Apartment houses shall not be restricted to two and one-half stories provided they shall not exceed 40 feet in height and shall not occupy more than 40% of the lot area;" so that said paragraph will read as follows:

"Schools and municipal buildings may contain three stories and be 45 feet in height.

The height limit in feet shall not apply to chimneys, ventilators, skylights, or tanks usually carried above roofs, nor to domes or spires of non-residential buildings.

Apartment houses shall not be restricted to two and one-half stories provided they shall not exceed 40 feet in height and shall not occupy more than 40% of the lot area."

(i) To amend Section 8 of Article 1 by adding to the present section at the end thereof the following:

"and except that any non-conforming manufacturing use existing at the passage of the original Zoning By-Law in any building may be continued in the same location and such a building may

also be used for any purpose set forth in Section 5 under head of General Business," so that said Section 8 shall read as follows:

"Any use existing in any building at the time of passage of this By-Law may be continued in the same building or the same part thereof, although not conforming to the use regulations of the district in which said building is located, but no non-conforming use shall be changed, moved, or extended and no building devoted to a non-conforming use or uses in whole or in part shall be structurally or substantially altered or reconstructed or in any way enlarged or extended unless such non-conforming use or uses are changed to a use or uses authorized in the district in which the building is located as hereinafter provided, and except that any non-conforming manufacturing use existing at the passage of the original Zoning By-Law in any building may be continued in the same location, and such a building may also be used for any purpose set forth in Section 5 under head of General Business."

(j) To amend Section 9 of Article 1 by adding to the present Section at the end thereof the following under the heading of Use of Land:

In one family districts, and in Class A and Class B Residence Districts, no land shall be used for any purpose for which a new building or structure may not be constructed or used under the provisions of this Zoning By-Law, but nothing contained herein shall prevent the continued use of any land for the purpose for which it was used at the passage of the original Zoning By-Law, nor prevent the use of any land for farms, gardens, nurseries, parks, playgrounds and such purposes as are incidental to or usual in connection with any of said purposes, so as to read as follows:

"A non-conforming use may be extended or moved in any building provided that the building is not structurally or substantially changed and provided also that in a Residence or Commercial District a non-conforming use is not extended or moved to any building designed, arranged or extended to a conforming use."

"In one Family Districts, and in Class A and Class B Residence Districts, no land shall be used for any purpose for which a new building or structure may not be constructed or used under the provisions of this Zoning By-Law, but nothing contained herein shall prevent the continued use of any land for the purpose for which it was used at the passage of the original Zoning By-Law, nor prevent the use of any land for farms, gardens, nurseries, parks, playgrounds, and such purposes as are incidental to or usual in connection with any of said purposes."

(k) To strike out Section 10 of Article 1 and insert in place thereof the following:

When a non-conforming building is destroyed or damaged, it may be restored to substantially its original condition, provided application is made for a building permit by a person entitled thereto within three months from said destruction or damage.

(1) To amend Section 11 of Article 1 by adding to the first sentence of said section the words "and One Family District" so that said sentence shall read as follows:

Vision Clearance on Corner Lots in Residence "A" and "B" Districts and One Family Districts.

(m) To amend Section 12 of Article 1 by striking out the word "ten" in the fifth line and substituting the word "seven" therefor, so that said Section will read as follows:

"On a corner lot, no fence, wall or structure, planting or foliage, more than 3½ feet in height above the plane of the established grade of the streets shall be erected in any part of a front or side yard herein established, that is included within the street lines at points which are seven feet distant from their point of intersection, measured along said street lines, which will materially obstruct the view of a driver of a vehicle approaching a street intersection. This shall not apply to structures above the first story."

(n) To amend Clause A, Section 1 of Article 2 by striking out the word "execute" in the second line and substituting therefor the word "enforce," so that said clause will read as follows:

"The Building Inspector appointed under provisions of the Building Regulations shall enforce the provisions of this By-Law."

(o) To amend Clause E, Section 1 of Article 2, by adding:

"In all other matters the Building Inspector shall have all authority granted him under the Provisions of the statute law or Town By-Laws;" so that said Clause will read as follows:

"If the Inspector shall be informed or knows that any provision of this By-Law has been, or is being violated he shall inspect the property where the violation exists. If he shall find any such violation he shall give notice in writing, to the owner or his authorized agent and to the occupant of premises that any use of building or structure contrary to this By-Law shall immediately cease. If after such notice the building or structure is used contrary to provisions of this By-Law or if any owner or occupant fail to obey a lawful order of the Inspector in respect to any violation of this By-Law he may revoke the permit for occupation of the premises and shall make complaint to the court having jurisdiction thereof or apply to the Superior Court for an injunction or order restraining the further use of premises and shall take any and all such action as may be necessary to enforce this By-Law. In all other matters the Building Inspector shall have all authority granted him under the Provisions of the statute law or Town By-Laws."

(p) To amend Section 3 of Article 2 by adding to paragraph entitled "Terms of Office," the following:

"No member of the Board of Appeal shall serve more than one full term consecutively;" so that said paragraph will read as follows:

"When said Board is first constituted the terms of the members shall be as follows:

Members nominated by Planning Board and Board of Health, two years.

Members nominated by Board of Assessors and Park Commission, one year.

Member nominated by Board of Survey, three years, said terms to begin on May 1 next succeeding the passage of these By-Laws. Thereafter, as the term of any member expires, or his office becomes vacant from any cause, his successor shall be nominated and appointed in the same way in which such office was originally filled and for the term of three years.

Members of said Board of Appeal shall be residents of Stoneham, shall hold office during such residence until their successors are duly qualified and may be removed after hearing by the Selectmen.

A chairman of said Board and in his absence an acting chairman shall be chosen by and from the members thereof. No member shall act in any case in which he is interested financially or otherwise.

No member of the Board of Appeal shall serve more than one full term consecutively."

(q) To amend Section 3, Article 2 of paragraph entitled "Rules and Regulations" by adding the words "for its procedure," so that said paragraph shall read as follows:

"The Board shall make such rules and regulations as it deems expedient for its procedure."

(r) To amend Section 4 of Article 2 by adding the words "and any amendments thereof," so that said paragraph will read as follows:

"The Board of Appeal shall hold a public hearing thereon after posting notice upon the property with respect to which the appeal is filed, and sending a written notice delivered by mail, postpaid, to the petitioner and to the owners of all property in the immediate vicinity deemed by the Board to have interest therein, or to be affected thereby as they appear on the most recent tax list; and the notice of said hearing shall also be advertised in a newspaper published in the Town of Stoneham so as to conform to the provisions of Chapter 133 of the Acts of 1924 and any amendments thereto."

(s) To amend Sub-section 22, Section 9, Article 2, by striking out the word "porches" therein, so that said sub-section shall read as follows:

"Setback or Line of Setback. The distance from the street line to part of structure nearest the street measured at right angles to the street line, not including cornices, walls and fences."

(t) To amend Section 9 of Article 2, by adding to said section a sub-section to be known as Sub-section 25, reading as follows:

"Lot Lines of Corner Lot. The back lot line of a corner lot

in every case shall be considered as the side lot line of the adjacent lot and not the back lot line of the corner lot."

I further certify that acting under said Article 47 the following votes were passed:

Voted: That Section K of Article 47 be struck out. Unanimous vote.

Voted: That the Town do accept in whole certain proposed amendments to the Zoning By-Law recommended by the Committee on Revision of the Zoning By-Law as set forth in the subject matter of Article 47, with the exception of Section K of said Article. Unanimous vote.

I further certify that no objections to the proposed amendment were filed in the office of the Town Clerk.

Amendment to Zoning By-Law

COMMONWEALTH OF MASSACHUSETTS

Stoneham, Mass., April 26, 1934.

Middlesex, ss.

I, Charles A. Owen, duly elected and qualified Town Clerk of the Town of Stoneham, in the County of Middlesex, hereby certify that the following is a true copy of Article 52 of the Warrant for a town meeting of said Town, duly called, warned and held on Monday, March 12, 1934, when said article was before said meeting.

Article 52. To see if the Town will vote to amend the Zoning By-Law by adding to the present limits of the Residence "B" District as heretofore defined and set forth, so as to include in the Residence "B" District the area bounded on the south by the northerly side of Emerson Street, on the east by the westerly side of Pine Street, on the north by the southerly line of Tidd Street, a discontinued way, as laid out June 23, 1860, and on the west by a line parallel to and 100 feet east of the easterly side of Central Street.

I further certify that acting under said Article 52 the following vote was passed:

Voted: That the Town do amend the Zoning By-Law by adding to the present limits of the Residence "B" District as heretofore defined and set forth, so as to include in the Residence "B" District the area bounded on the south by the northerly side of Emerson Street, on the east by the westerly side of Pine Street, on the north by the southerly line of Tidd Street, a discontinued way, as laid out June 23, 1860, and on the west by a line parallel to and 100 feet east of the easterly side of Central Street. Unanimous vote.

I further certify that no objections to the proposed amendment were filed in the office of the Town Clerk.

Relocation of Main Street

THE COMMONWEALTH OF MASSACHUSETTS

DEPARTMENT OF PUBLIC WORKS

Layout No. 3100

and Order of Taking

Whereas, the Massachusetts Highway Commission, acting on behalf of the Commonwealth of Massachusetts, did, under date of October 18, 1900, and the Department of Public Works, acting on behalf of said Commonwealth, did, under date of March 11, 1930, lay out and take charge of as a State highway a road in the Town of STONEHAM, county of Middlesex, leading from Stoneham to Reading, and being known as Main Street, as shown on the plans of said State highway on file in the office of the Department of Public Works, copies of which plans have been filed in the office of the County Commissioners of said County of Middlesex, at Cambridge, and in the office of the Town Clerk of said Town of Stoneham; and

Whereas, it now appears advisable to make certain changes in the location lines of said State highway;

Now, Therefore, acting under the provisions of Chapter eighty-one of the General Laws, and acts in amendment thereof and in addition thereto, the Department of Public Works adjudges that public necessity and convenience require that the Commonwealth should alter the location of said State highway, and should lay out and take charge of said State highway as altered, as hereinafter described.

The alteration is located at the intersection of Main Street and North Street, and consists of widening the location of the State highway. The section of State highway hereby altered and laid out is more fully described as follows:

The base line of location of the section of State highway hereby altered and laid out is identical with the base line of the aforesaid 1900 and 1930 State highway layouts, beginning at a point

shown on plan as station 2+59.80, and extending thence south 13° 29' 55" east 357.73 feet; thence south 8° 07' 15" west 357.73 feet to a point at the end of the alteration shown on plan as station 9+75.26.

The easterly line of location of the section of State highway hereby altered and laid out is identical with the easterly location line of the aforesaid 1900 and 1930 State highway layouts.

The westerly line of location of the section of State highway hereby altered and laid out begins at a point on the westerly location line of the aforesaid 1900 State highway layout bearing south 76° 30' 05" west and 33.00 feet distant from the point of beginning of the above-described base line shown on plan as station 2+59.80, and extends thence, leaving said 1900 location line, but tangent thereto, southerly by a curve to the right of 1840.56 feet radius 694.50 feet to a point at the end of the alteration, again on said 1900 location line, bearing north 81° 52' 45" west and 33.00 feet distant from the point of ending of the aforesaid base line shown on plan as station 9+75.26.

The side lines of location of the section of State highway hereby altered and laid out are further defined by bounds set at the beginning and end of the westerly location line, and at angle point.

For the purpose of laying out, constructing and maintaining said State highway, the Department of Public Works, on behalf of the Commonwealth of Massachusetts, does hereby take, under the provisions of Chapter 79 of the General Laws, all of the land outside of the limits of the existing public way or ways and within the limits of the layout hereinbefore described, including all trees located thereon, situated in the town of Stoneham, county of Middlesex, all of said land being taken in fee simple, the supposed owner thereof being Rachel H. Steele, excepting and reserving from the rights herein taken all easements for wires, pipes, conduits, poles and other appurtenances for the conveyance of water, sewage, gas and electricity and for telephone communication now lawfully in or upon said premises hereby taken, and all lawful rights of the public to use those parts of the public streets and ways of the town of Stoneham which are included in the foregoing description.

The State highway hereby altered and laid out and the aforesaid taking are shown on a plan drawn by A. W. Dean, Chief Engineer, signed by the Department of Public Works, and on file in its office, said plan being entitled: "The Commonwealth of Massachusetts Plan of Road in the Town of Stoneham, Middlesex County, Altered and Laid Out as a State Highway by the Department of Public Works May 1, 1934. Scale: 40 feet to the inch," an attested copy of which is to be recorded with this order of layout and taking in the Registry of Deeds for Middlesex County, Southern District, at Cambridge.

For damages sustained by Rachel H. Steele in her property by reason of the aforesaid taking the following award is made:

PARCEL NO.	SUPPLIED OWNER	AREA SQUARE FEET	AWARD
1	Rachel H. Steele	5,424	1.00

The name of owner herein given, although supposed to be correct, is such only as matter of opinion and belief.

The owner of land taken as aforesaid is hereby required to remove her fences, buildings and other obstructions (not including trees) from the lands so taken before the first day of June, 1934.

It is therefore

Voted: That said way as altered, as described herein and as described and shown on said plan, be and the same is hereby laid out and taken charge of by the Commonwealth; that the secretary of the Department of Public Works be and hereby is instructed to file in the office of the County Commissioners of the county and in the office of the Clerk of the city or town in which said way is located, certified copies of said plan and of a certificate signed by at least a majority of the members of the Department of Public Works, attesting that the said Department of Public Works has laid out and taken charge of said way as altered, in accordance with said plan together with a copy of this adjudication and vote.

Date at Boston, this first day of May, 1934.

F. E. LYMAN,
RICHARD K. HALE,
WM. F. CALLAHAN,
Department of Public Works.

A true copy.

Attest: Mary A. Riley, Secretary.

Filed May 5, 1934.

Charles A. Owen, Town Clerk.

REPORT OF PARK COMMISSIONERS

To the Citizens of Stoneham:

On February 20, 1934, through the death of Mr. George M. Jefts, the town lost the services of a very devoted public servant and one who was deeply interested in our Parks and Playgrounds. Mr. Jefts had served as Chairman of the Board and as Superintendent for a period of 16 years, and at all times was faithful to the interests of the people of Stoneham. Mr. Jefts death was hastened due to a cold he contracted while supervising the grading of the tennis court area of the Pomeworth Street Field. It would seem very fitting that the people of Stoneham should recognize the passing of a very devoted public servant in the form of a suitable memorial at the time of the opening of the new Pomeworth Street Playground.

In March 1934, the town lost the services of another commissioner, Mr. John A. Walsh. Mr. Walsh had been a member of the Board for 30 years and was always greatly interested in anything which would improve the Parks and Playgrounds of Stoneham. Mr. Walsh's work on the Board well illustrates the time and energy many unsalaried public officials are now giving to the Town of Stoneham.

At the March election two new members were added to the Board. Immediately after it was decided to choose as Superintendent, a man who had no connection with the Board, and Mr. Percival H. Wardwell was appointed. Mr. Wardwell's work has been very satisfactory to the Board as well as to the people of Stoneham with whom he has worked.

The enlargement of the Pomeworth Street Field is still in process of construction, the funds making it possible coming from the government through the E. R. A., the tennis court appropriation of \$2,310.00 at the Special Town Meeting, and other funds made possible through the co-operation of the Finance Board and Board of Selectmen. Considerable blasting of ledge is necessary and the town is fortunate in having secured the services of Mr. William C. Doherty for this work. It is expected that a part of the new field will be ready for use early in this coming summer.

The new Playground, at the corner of Park Avenue and Broadway, has been graded and seeded and will be ready for use this coming season. Small Playgrounds, such as this, are a great asset in that they keep boys off the street and engaged in healthful amusement.

The Tidd Street Playground for small children was operated during July and August under the very efficient supervision of

Mr. Albert Kent, Jr. We were fortunate in having extra supervisors supplied by the E. R. A., and with their help this playground was used more than ever. As usual at the close of the season there was a field day held with suitable prizes for sports of all sorts. Refreshments for this occasion were all donated. We wish to thank Mr. Wilbur W. Chapman for his share in the donation. We believe this is one of the most worthy forms of recreation that we have at present in the town.

The filling in of the Gould Meadow is proceeding as rapidly as possible without the purchase of material. Through the co-operation of the Board of Health all ashes and rubbish are now going to the meadow. Considerable material is also coming from the Public Works Department through the co-operation of Mr. C. J. Sweeney. The drainage of the meadow has been carefully considered by your Board, engineering advice has been obtained with the help of the Planning Board, and an open ditch plan has been approved. Under this plan the brook will be diverted to the west side, and a small ditch will be dug on the east side to take care of the drainage in that vicinity. With the help and co-operation of the Federal Administrator, the Finance Board, and the Board of Selectmen, it is expected that this work will go forward immediately.

Through the co-operation of several of our organizations in town, there were a number of places beautified, and we would encourage more of this kind of planting. The several triangular plots around town have been taken care of we believe with satisfaction to all concerned. Various individuals have been taking care of this matter themselves.

If the different projects in view go through to completion this coming year, we believe that the town will be far more beautiful. We take this opportunity of thanking all those who have so generously co-operated with us in our endeavors.

Respectfully submitted,
WILLIAM F. WILSON, Chairman.
ALBERT P. ROUNDS.
FRED A. SCHNEIDER.

REPORT OF PLANNING BOARD

To the Citizens of Stoneham:

The Stoneham Planning Board has met regularly throughout the present year and has held many special meetings to consider town planning and other matters. The Board has also held many public hearings concerning articles appearing in the warrant for special meetings. The members of the Board feel that the revision of the Zoning By-Laws was not only a constructive assurance to the townspeople that their homes and other property which they might own have been materially safeguarded, but that many of the misinterpretations and hardships heretofore experienced have been overcome.

A committee appointed at the beginning of the year to prepare a Master Plan for the town, showing the location of all schools, public buildings, playgrounds, etc., belonging to the town, reported that it had completed its work, and presented a very comprehensive map showing in detail the above mentioned properties.

During the year the Board sought various public places in need of planting and shrubs. The School Committee and Mr. Varney assisted the Board in carrying out a plan for the grading of the sidewalk in front of the North School on William street, and under the supervision of Mr. Wardwell, the work was done. Various shrubs were also planted in such a manner that the corner has been greatly improved and beautified. With the co-operation of the teachers and children not a single shrub or plant has been destroyed. Planting was also done on the south side of Armory Hall, which has greatly improved the approach to the building.

In May the Planning Board notified the Selectmen of their opposition to the proposed legislation, which asked for the purchase of a rendering plant in the City of Somerville by the Metropolitan District Commission. The land would have been used as a park for Somerville, and in event of the passage of the bill, Stoneham would have been proportionately assessed. The Board also requested both Representatives and the Senator to oppose the bill, which they did. It was defeated.

At the Special Town Meeting held in September the Board unanimously recommended the demolishing of the old Center School. This article was passed, and at the suggestion of the Board the building was taken down under the direction of the Selectmen. The Board felt that the building had greatly outlived its usefulness as a school, as did many of the citizens and that in its abandoned condition, it would have been no less than false

economy to ever have attempted to renovate it for practical and modern school purposes.

In November the Planning Board opposed the petition of an outdoor advertising company for the erection of a large billboard on Main street. The decision of the Board and the Selectmen was the same. However, the company appealed to the State Department of Public Works and a public hearing was held at the State House. Members of the Planning Board attended and voiced opposition in the interests of the town. The Department of Public Works has not given a decision on the matter, but in view of a recent Supreme Court decision it is hopefully expected towns and cities will receive much greater consideration, before such permits are granted in violation of their wishes.

Acting on a request by the Governor-Elect in which he asked the various towns to estimate the needs for curbs along the public highways, a committee from the Board was appointed to investigate the matter. It was reported that there is approximately 16,000 linear feet of uncurbed sidewalk on the town's Main Street. The information has been forwarded to the Governor-Elect, who will try to receive Federal Aid, that the actual work may be done as a means of insuring added safety on the highways.

Several conferences were held with various department heads in regard to projects that might be accomplished in the future by the E. R. A. Mr. Newcomb was especially helpful to the Board by explaining the limits of Federal Agencies in regard to actual work that could be planned for. The Board approved plans submitted by the Park Department for the building of tennis courts on the Pomeworth Street Playgrounds, and also for the eventual completion of work already begun.

The Board recommended last year that the town proceed under the P. W. A. and erect a school building and a new town office building. In view of the fact that there is a possibility of the P. W. A. expanding further, the Board is still of the opinion that the town should proceed in asking its share, provided no great financial burden would be thrust on the town.

Respectfully submitted,
JOHN J. SULLIVAN, Chairman.

REPORT OF BOARD OF HEALTH

To the Citizens of Stoneham:

Monthly reports by the Health Officer have been published in the local newspapers for the Stoneham public during 1934, and a summary of what has been done follows:

DUMP

An average of 30 truck loads of ashes and rubbish have been put on Gould Meadow dump weekly by S. Rotundi & Sons. If allowed to accumulate on and about premises for even half of the year, ashes, tin cans, rubbish in cellars and on grounds, about houses, etc., would present a problem of serious concern to householders and others if not assumed by the town through our collective service and were cared for on an individual basis as a financial burden as well as being both a health and a fire menace.

GARBAGE

There are about 800 underground containers installed in Stoneham, and a total of more than 2000 houses from which garbage is collected by Mr. Henry Meegan, at least weekly. If this service was not done by the town, individuals would have this responsibility with its disagreeable odors and attendant menace to public health.

DIPHTHERIA IMMUNIZATION

Our plan of yearly Diphtheria Immunization has placed Stoneham first in the records of towns from 10,000 to 12,000 reported by the State Department of Public Health as having no cases of diphtheria reported in 1933-1934. Thanks for this excellent showing are largely due to Doctors Hersam and Kerrigan as well as Nurses Miss Franchere and Miss Conlan.

DENTAL CLINIC

The results from our Dental Clinic (with a reduced appropriation) are best expressed in the following letter sent to Dr. Paul R. Cyphert by Mrs. Eleanor G. McCarthy, Consultant Dental Hygienist, State Department of Public Health: * * * "I knew you were getting good results, but I hardly expected anything as unusual as twice as many children completed as in 1932-1933. You have not only been able to handle more children, but have been able to dismiss a larger proportion of those handled, which spells both progress and success. Lastly, the number of operations that each child needed is less, which means that your clinic is truly, preventing trouble."

BOARD OF HEALTH NURSE

Our nurse, Miss Angela Conlan, does double duty, both as assistant and dental hygienist to Dr. Cyphert, rounding up all the children and clerical work, and giving the children of the Parochial School the care and supervision, examinations for cleanliness, weighing and measuring, tests for sight and hearing, referring to clinics and New England Sanitarium and Eye and Ear Infirmary, T. B. Clinics and follow-ups as well as contagious diseases. See her report.

RESULTS

January 1, 1934, the Middlesex County Sanatorium reduced our expense charges for tuberculosis treatment and board from \$12.50 per week to \$10.50 per week. Our subsidy to be paid in 1935 by the State will be \$780.00, and we have due from the State Department of Public Welfare for hospitalization \$220.00. New Milk Regulations were adopted November 6, 1934. See Milk Inspector's report. On request of Dr. Henry Chadwick, Commissioner of Public Health, 15 premises on the line of Sweetwater Brook were ordered to connect with the public sewer. One source of cesspool trouble that has been complained of for years has been remedied by installing a septic tank on a public street through the good offices of the Selectmen. We have practiced constructive economy without impairing results.

For further details, see reports of Milk Inspector, Agent, Board of Health Nurse, Dental Clinic and Plumbing Inspector.

Respectfully submitted,

GEORGE A. HINCHCLIFFE, Health Officer.

JOSEPH H. KERRIGAN, M. D.

GEORGE A. HINCHCLIFFE,

LAWRENCE E. DOUCETT,

Board of Health.

Report of Milk Inspector

State inspection of local dairies, monthly analyzing by L. E. Doucett, has protected the quality of milk sold in Stoneham.

Our new milk regulation, effective January 1, 1935, requires all milk sold in Stoneham: * * * "Shall be drawn exclusively from tuberculin tested and accredited herds, or tested herds on the way to accreditation; shall be certified by the Medical Milk Commission in the manner required by law, and pasteurized."

The December 14, 1934, issue of the United States Public Health Report, says: "Milk may be safeguarded so as to prevent it from transmitting such diseases as tuberculosis, typhoid fever, scarlet fever, diphtheria, septic sore throat and undulant fever, by careful production and proper pasteurization."

Respectfully submitted,

GEORGE A. HINCHCLIFFE, Milk Inspector.

Report of Board of Health Nurse

I have been in attendance each day during school sessions.

REPORT OF BOARD OF APPEAL

To the Honorable Board of Selectmen,

Gentlemen: — The Board of Appeal under the Zoning By-Law submits the following summary of its work during 1934, that being the tenth year of the operation of the Stoneham Zoning By-Law:

ORGANIZATION AND MEMBERSHIP ON JANUARY 1, 1934

The Board was constituted as follows: Chairman, Edward M. Noonan; Regular Members: Chester A. Richardson, James G. Wallace, William N. Rogers, Ralph H. Leach. Associate Members: Andrew V. McDonnell, Everett C. Hunt.

The Board reorganized at its meeting of May 9th. Member Chester A. Richardson was chosen as Chairman and Edna L. Tolman as Clerk. Regular Members: James G. Wallace, Ralph H. Leach, William N. Rogers, Albert J. Blackburn. Associate Members: Andrew V. McDonnell, Robert A. Newcomb.

STATISTICS

For the calendar year of 1934, this Board's work may be summarized as follows:

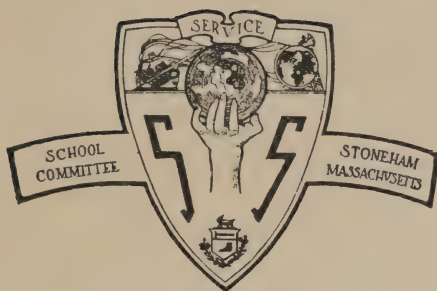

APPEALED CASES FROM THE BUILDING INSPECTOR

Total number filed	9
Public Hearings advertised and held	9
Appeals refused	2
Appeals granted as requested	3
Appeals granted with restrictions	3
Temporary permit granted	1

It may be of interest to note that this is the smallest number of appeals that have occurred in any year since the passage of the Zoning By-Law.

During the past year the original records of all appeal cases for the years 1925 to 1930 inclusive, which were written in ink and were beginning to fade, have been typewritten and bound in a leather book; this being in the same form as our present records are now kept.

Respectfully submitted,
CHESTER A. RICHARDSON, Chairman.
JAMES G. WALLACE.
WILLIAM N. ROGERS.
RALPH H. LEACH.
ALBERT J. BLACKBURN.
ANDREW V. McDONNELL, Asso. Member.
ROBERT A. NEWCOMB, Asso. Member.

ANNUAL REPORT

OF THE

PUBLIC SCHOOLS

OF THE

TOWN OF STONEHAM

1934

A Democracy Operates Free Public Schools and Passes Compulsory Attendance Laws, not through a sense of charity but because it realizes that Education is the only means it has of Perpetuating Itself and Promoting its Own Interests.

Office Hours:

School Days, 8.00-5.00.

Saturdays, 9.00-12.00.

School Vacations, 9.00-12.00; 1.00-4.00.

- 1935 Winter Term, January 2 to February 21
Spring Term, March 4 to April 26
Summer Term, May 6 to June 21
Fall Term, September 4 to December 20
High School graduation, June 14
Schools closed April 19, May 30, June 17, November 11, November 27 noon, 28, 29. December 20 close at usual hour
- 1936 Winter Term, January 2 to February 21
Spring Term, March 2 to April 24
Summer Term, May 4 to June 24 noon
Fall Term, September 9 to December 23
High School graduation, June 12
Schools closed April 10, 20, June 17, October 12, November 11, November 25 noon, 26, 27. December 23 noon

The state law requires the High School to be open 180 days. The closing date must be made later than stated above if days are lost during the year for inclement weather or other causes so as to bring the total number of days at the closing date less than 180.

Hours of School

Elementary Schools: Grades 1-2-3-4, 8.30-11.30; 1.15-3.15, Emerson and South Schools.
9.00-11.45; 1.15-3.30, East School.
8.45-11.30; 1.15-3.30, North School.
Grade I may be dismissed 15 minutes earlier at each session.
Grades V and VI, 8.30-11.30; 1.15-3.45. Teachers may dismiss at 3.15.
Junior High School, 12.50-5.09; 11.51-12.33 if required by teacher.
Senior High School, 7.50-12.33; 12.33-1.36 if required by teacher.

No School Signal

22 on fire alarm.

No morning session. All grades 7.15 A. M.
Grades I to VI 7.30 A. M.
Grades I to IV 7.45 A. M.

No afternoon session:
Grades I to IX 12.00 noon.
Grades I to IV 12.15 P. M.

No-School announcements are also given over radio Station WNAC between 7.00 and 7.15 A. M., 8.00 A. M., and 12.00 noon.

REPORT OF THE SCHOOL COMMITTEE

At a meeting of the School Committee, January 14, 1935, it was voted to approve the report of the Superintendent of Schools and to submit it to the Town as the report of the School Committee.

JAMES A. PATCH, Chairman.

BERTHA A. STARR.

NELLIE R. STOREY.

BERNARD M. SCULLY.

C. FRANK MUNGER.

Report of Superintendent of Schools

To the School Committee of Stoneham, Massachusetts,

Ladies and Gentlemen: — I herewith submit my sixth annual report as Superintendent of the Public Schools of the Town of Stoneham. It is the forty-fourth in the series of such reports.

I wish to call your attention to the reports of the School Nurse and the Faculty Manager of Athletics which follow this report.

CURTAILMENTS CONTINUED

The curtailments mentioned in last year's reports have of necessity been continued during 1934. It should be noted that our budget for 1934 was \$3,430.00 less than for 1933. I refer you to the proposed school budget for 1935 and the study of some school costs in order that you may understand better just what our schools do cost when figured on a per-pupil basis.

THE PURPOSE OF THE PUBLIC SCHOOLS

The real purpose of the Public Schools is to train citizens. The mastery of the three R's, important as it is, is only a mere beginning in real education. Public education must take into account the whole child. It must also take into account the wide range of individual differences as well as the many common interests of the student body.

We know that if we should measure the height of all the pupils in any one grade in our school system, we should find many of nearly the same height, a few much shorter, and a few much taller than the average. Similar results would be obtained if we took any other physical measurement. Have we any right or reason to expect that their abilities, aptitudes and likes and dislikes for school subjects will be any more uniform than are their physical make-up? It seems absurd, therefore, to expect that all children should be required to go through the same lock step in school subjects, or that all children should measure up to the same mental standards.

In our Stoneham schools we strive to make our work fit the individual needs and to build a consistent course of study from the first grade through the twelfth. In the lower grades we meet this problem by having a minimum course of study for the slower

groups and an enriched course for those who can profit from it. We try to adjust the steps from one stage to the next at such distances as individuals find it possible to advance. No child benefits by being forced faster than his natural ability. On the other hand, we must watch to see that no child loafs in his work. In the junior high and senior high schools we further adjust the work to fit individual needs by offering different courses, or similar courses with somewhat varying content. In that part of this report devoted to the junior-senior high school it will be noted that curtailments due to conditions over which the school department has little control have retarded our work of adjustment to the individual needs of the pupils.

To that group of pupils who are out of step with the majority to such an extent as to require a great deal of individual attention, we offer work in Opportunity Rooms. More and more parents are coming to realize the real value of these rooms. After a year or more of individual attention many pupils not only find it possible to return to the regular groups but even do better work than some of those pupils who have continued their work with the regular groups. Although the per-pupil cost is more in the Opportunity Rooms, the returns are correspondingly larger. I hope that the time will come when we shall have one ungraded or Opportunity Room in every eight-room building in Stoneham.

ELEMENTARY TESTS AND RECORDS

In any progressive school system there must be some method or methods of checking the results of the work. In our elementary schools one of our methods as in the past is through standard tests and other tests worked out by teachers, supervisors, and superintendent. The following list gives the most important tests which are used in the first six grades.

Intelligence Tests:

Grade I, Detroit First Grade Tests

Grades III-VI, National Intelligence Tests

Achievement and Diagnostic Tests:

Grades IV-VI, Metropolitan, Intermediate Battery-Partial

*Grades III-IV, Drill Service and Problems in Arithmetic

*Grades IV-VI, Arithmetic Fundamentals

*Grades II-VI, Spelling tests based on textbook used

Grades III-VI, Progressive Language Tests

*Tests are developed in our own school system

EXAMPLES OF ELEMENTARY METHODS

Parents and others have shown much interest in the method we have been using in our elementary arithmetic for the last four years. Only incidental number work is taught in grade one. In grade two the incidental method is continued and is supplemented by a pupil's workbook entitled "My Arithmetic Tablet." This work is done under the supervision of the teacher and serves to

give a concept of numbers which aids greatly in laying a foundation for the arithmetic work of the grades to follow.

In grade three we teach addition and subtraction through ten units of work by means of properly motivated drills which deal only with the facts previously taught. Each unit of work consists of ten primary number facts and related secondary facts. For example, one combination is 3 plus 8 with the reverse 8 plus 3 and the subtraction units of 8 less 3 and 8 less 5, together with the upper decade facts as 13 plus 5, 23 plus 5, etc. Through a well worked out drill service the child meets each combination until the work becomes automatic. Because of individual differences, each child keeps a record of his own errors and tries to overcome his weakness. This tends to bring all standards to a much higher plane. The fourth grade continues with multiplication in a similar manner.

This year problems have been constructed for grades three and four (twenty-five to a unit) using only those number combinations already taught in the unit or units which have been mastered. All of this work has been developed slowly over a period of four years until our drill service with problem work is now nearly complete with tests following each unit. These tests are now given on schedule in grades three and four and the results sent to the office. The forms for reporting have been worked out so as to call for the least clerical work on the part of the teacher and at the same time give the office the names of all pupils and their achievements.

This method of handling arithmetic calls for a vigilance on the part of the teacher which together with the system of pupil-accounting might seem too demanding if the check-up did not show a marked improvement over any other method we have used.

The changed emphasis on the social studies in the junior high school demands a careful examination of the subjects of history and geography as taught in the elementary grades. Space does not allow a full report of this work here. I will, therefore, give only a brief synopsis of a unit of work in fourth grade history.

In selecting the material for any grade we must make sure that it will assist in the development of a progressive course of study through the grades, and that it will lend itself to methods of presentation which will allow the child to participate as fully as possible—to participate more fully than he can as a listener. Much of the purposeful participation of the pupil depends upon the aim in the mind of the teacher when she plans her lesson, but the textbook in use may further this work by its arrangement of materials and its suggestions of related work.

We were fortunate to find a history textbook for the fourth grade which is so arranged as to give the pupils an opportunity to actively take part in developing and re-living those early events which form the background of our American History.

At this writing, each fourth grade is developing a dramatic

episode in connection with the Spanish Settlement in America. The lines are developed by the pupils after a careful study of the story as told in our histories. The costumes are collected or are made from inexpensive materials by the teachers and pupils who call upon the art department for suggestions.

Sometime during the school year 1934-35, the entire fourth grade of our public school system will unite to present the different episodes which we have worked out. In this way the Discovery of the Pacific, the Search for the Fountain of Youth, the Meeting of Cortez and Montezuma, DeSoto's Sojourn along the Mississippi, and the Mission Life in California will have entered into the child's own stream of thought in a stronger and deeper way than it could have done through the old fact method of teaching.

It should be noted that facts are *not* discounted but that they are taught in a way which interests the child and gives him a greater appreciation of our historical background than did the old method of a study of the textbook followed by a series of questions by the teacher. Studies show that facts learned by the newer method are retained longer by the pupils than were those learned through the drill method.

THE TWO-PLATOON SYSTEM

The most significant fact influencing the work of the junior and senior high schools is that we are still forced to operate on the two-platoon system. Although the work of the year has been pleasant and has shown progress in certain respects it becomes evident that the dangers inherent in the two-platoon system are increasingly serious each year. The report for 1933 contains a statement of the major disadvantages which obtain under the two-platoon system now in its third year. The prediction made when the plan was put into effect is now coming true, namely, that, although the serious effects of one year could be corrected, the continuous effects over a period of three or four years would be very great.

Most parents are concerned not only with the loss of time but with the increased traffic dangers, difficulty of preparing meals at all hours of the day and the physical condition of their children. The school is concerned with these dangers but realizes in addition that the following items are creating deficiencies which must have a lasting effect on the pupils under its guidance.

LOSS OF TIME

The most serious condition is the immense loss of school time especially in the junior high school. Under the two-platoon system every junior high school pupil actually has 130 hours or 27 days of class room instruction a year less than he had under former conditions. It should be noted that in the entire three years he loses more than half a year's work in time alone to say nothing of the other disadvantages.

HEALTH

Afternoon fatigue as the result of a strenuous morning of play and other activities still further robs our junior high school boys and girls of opportunities for effective school work in an already shortened session.

INDIVIDUAL HELP

It is impossible to give proper individual help to junior high school pupils. They cannot be kept after school and there is a very limited chance to help them mornings. The percentage of failure is undoubtedly greater because this important part of school work cannot be effectively accomplished. Overlarge classes also contribute to this difficulty.

HOME WORK

Home study in general is not satisfactorily done. Shortened periods mean more outside work yet the very conditions of the two-platoon system cause home work to be less efficiently done. Pupils are in school a little over four hours a day and have considerable home work. They should have six hours in school and very little home work.

EXTRA CURRICULA' ACTIVITIES

Such activities as the work of the orchestra, glee club, class athletic groups, thrift instruction, individual health guidance, instruction in use of leisure time, are of course, greatly curtailed. Many of them are more potent character builders than are the actual school subjects themselves.

POSTURE

The use of the same high school chairs and desks by both junior and senior high school students has a bad effect on posture generally. Many pupils are required to sit in seats built for pupils five or six years older. The cumulative effect of the resultant bad posture as well as the danger done to eyesight because of it, are alarming to those who appreciate the problem.

The State Department of Education, after a visit of inspection by Mr. Jerome Burt, supervisor of secondary education, took special note of the dangers present under the two-platoon system, especially in connection with the time lost, and made the following report to the school committee:

October 4, 1934.

Mr. Charles E. Varney, Superintendent of Schools,
Stoneham, Massachusetts.

My dear Mr. Varney:

I am making a few comments as a result of my visit yesterday to the Stoneham High School.

I was delighted to find so much attention being paid to the matter of adapting the content of the courses to the needs of the pupils taking those courses. In the English class which I visited I

felt that unusually good work was being done in modifying the instruction to meet the needs of a group of boys in the general curriculum. The science teaching which I observed seemed well adapted to arouse the interest of the particular group under instruction. The projects upon which different members of the class were reporting gave opportunity for excellent individual participation in the neighborhood survey which was being undertaken.

I was interested in examining the printed program of studies. My only comment in that connection is that possibly the general curriculum ought to have more required subjects and fewer in the elective column. As I said yesterday, I think there is danger of the general curriculum becoming a mixture of many subjects rather than a unified whole leading to a definite objective.

I am sorry that conditions compel your running an afternoon session for the junior high school pupils. Since these afternoon periods are only thirty-six or thirty-seven minutes net, the consequence must be that these pupils are not receiving the full amount of instruction to which they are entitled. Indeed, as far as the ninth grade pupils are concerned, they are probably not receiving the minimum amount of 120 clock hours in each subject which is specified by our regulations for the approval of high schools. It probably will not be possible for the Department to continue for an indefinite period of time the approval of the Stoneham High School as a Class A school if these conditions are not remedied.

I was impressed by the good spirit which was evident throughout the building and by the highly professional attitude of Mr. Watson and Mr. Nadeau, the assistant principal.

I want to thank Mr. Watson and yourself for the courtesies extended to me.

Very truly yours,

(Signed) Jerome Burt,

Supervisor of Secondary Education.

It would be a deep source of regret to all of us if Stoneham High School, which has built up through recent years a strong and enviable position in relation to the colleges, should be required to lose this standing because insufficient building accommodations made necessary the continuance of an inadequate program of schooling. A co-operative faculty is laboring hard to postpone that day, but the solution is in the hands of the citizens whose children are losing ground daily.

REDUCTION IN HIGH SCHOOL OPPORTUNITIES

The operation of the high school under a curtailed budget in 1933 resulted in the elimination of certain subjects and the modifications of others. The dropping of three full time teachers and a reduction in the natural programs of some others caused the elimination of a number of classes in Art, Manual Training, Domestic Science, Elementary French, Shopwork, Mechanical Drawing, Mu-

sis, Penmanship, Geology, and the combining of certain other classes in these subjects and in Latin and business studies. In general, the work of the three R's was not greatly disturbed, but most of the subjects which had to be eliminated or modified provided training in the finer things of life. Added duties assigned to the principal and vice-principal have greatly reduced the time they can give to classroom supervision.

HIGH SCHOOL ENROLLMENT

The following table shows enrollment for the last five years:

Year	Average membership	Percentage Increase
1930-31	726.77	1930-1934
1931-32	822.11	
1932-33	808.59	
1933-34	850.00	
1934-35	875.00*	20.3

* October 1st enrollment

THE CHANGING HIGH SCHOOL POPULATION

Twenty years ago more pupils dropped out of school at the end of the ninth grade than continued in high school. Those that stayed took the college course, except a few that chose business studies, and most of them were reasonably good students interested in getting an academic education. Today it is expected that all the children of all of the people will continue through high school.

Because of this fact the character of the high school population has changed very greatly. As stated earlier in this report, there is a wide range of abilities among the students. There is also a wide variety of interests ranging from the desire for a college training to those who would prefer to go to work at once. Moreover there is a wide range of vocational aptitude ranging from those who will be eminently successful in the professions to those who will never do more than manual labor. All of these groups demand an education suited to their individual needs and capacities. To provide this is the duty of the modern high school—quite a different problem than formerly obtained. Our own efforts in this direction have been most satisfactory as evidenced from our own investigations and the requests for information on this matter which have come from other towns.

A large amount of time in the past five years has been spent by the officers of the school in working out courses and subjects which are more suitable for the new group which is in our schools than was the traditional, academic college preparatory course.

Especially noteworthy in the organization of courses for the non-college groups has been the work in English and Science and Citizenship. Lacking suitable textbooks, the teachers in each of these departments have, under the guidance of the Principal, organized courses to fit the needs of these groups. The work has received commendation from the State Department and recognition

in other communities. Courses in Mathematics for these groups built upon the foundation laid in the elementary grades are also in process of organization. We feel keenly the need of more adequate shop accommodations for the General and Practical Arts courses. A number of girls who would like to major in Domestic Science cannot do so under the present conditions.

COLLEGE ENTRANCE

In April of this year the high school was notified that it had been approved again for four years by the New England College Entrance Certificate Board. Its rating permits us to certificate students to any college which accepts students by this method. Although our courses of study have been cut and the teaching staff reduced, it is evident that the very fine records made by our candidates in college during the last three or four years were sufficient to cause our certificate privilege to be continued.

How long this can be kept up under the shortened periods of the two-platoon system is problematical. It cannot continue indefinitely. We are already violating some of the requirements of the College Entrance Certificate Board which have to do with length of periods and instructional hours per annum.

Every candidate for admission to college by examination this year was successful in gaining entrance. Many cities consider a 75 to 80 per cent success of candidates in passing these examinations excellent.

IMPROVEMENT OF HIGH SCHOOL GROUNDS

Considerable progress in improving the appearance of the high school grounds was made last year through the help of a small group of civic minded citizens and pupils. Without cost to the town, walks were changed, grading completed, a parking space laid out, trees planted, and shrubbery set out. The pupils themselves furnished a large part of the labor for this enterprise and earned some of the funds for shrubbery. The Class of 1934 left \$50.00 as a fund to be used in developing a memorial walk at the Pomeworth Street corner in the rear of the high school grounds. By request of the Class the project is to be a memorial to Miss Fannie Davis, a teacher in the schools of Stoneham from 1903 to 1932. Several other interested citizens have contributed to this fund.

JUNIOR HIGH SCHOOL EVENING SESSION

On November 7, 1934, as a part of the observance of American Education Week, the citizens of Stoneham were invited to attend a regular session of the junior high school held in the evening from 6.00 to 9.30 P. M. No special programs or features were prepared, but every parent had the opportunity of seeing the regular work of the school carried on in the classrooms. Over two hundred and fifty parents availed themselves of this opportunity to visit the school and many commendations were received by school officers.

A large number of the visitors showed concern and surprise at the crowded classrooms and difficult conditions under which the junior high school now operates.

GUIDANCE WORK IN JUNIOR AND SENIOR HIGH SCHOOLS

One of the points that should be emphasized in these days of nation-wide unemployment is that only the worker who is well prepared and proficient in his work can expect to retain his position or find another one. As thoroughness is a habit acquired through years of practice, the guidance department in the junior high school stresses faithfulness in daily preparation of all work, careful attention to all details, and alert interest in the explanation of work by teachers and pupils in the classrooms. It gives us great satisfaction to see the Honor Roll increasing in length each year.

Even a short time spent on the teaching of occupations gives pupils information which will be of great assistance later in the intelligent choice of the course of study and still later in their decisions as to their life work.

In both the junior and senior high schools the most important part of guidance work is the holding of individual conferences with pupils and parents in order to solve scholastic and personal problems which will improve the child's performance and his chance of happiness in school now and in the world later.

The principal and the guidance teacher try to analyze as many cases of maladjustment as possible and are able to correct many difficulties with the result that more children than otherwise have the joy and satisfaction of accomplishment and success.

JUNIOR-SENIOR HIGH SCHOOL LIBRARY

The report of the librarian for the past year indicates a very definite evidence of increase in interest and satisfaction on the part of pupils in their library privileges. In general many pupils are using these privileges with greater intelligence each year as our course in library instruction receives more attention and is more definitely tied up with classroom work, especially English and Social Studies.

The work of library instruction in the junior high school has had to be less individual than formerly. The circulation has increased from last year's total of 11,233 to 13,454. Omitting the loan of 776 magazines the circulation was divided as follows:

Senior High School Non-Fiction	3093
Junior High School Non-Fiction	3457
Senior High Fiction	1456
Junior High Fiction	4672

The place which books of non-fiction occupy in the column is indicated by the above figures which demonstrate that the senior high school pupils borrow twice as much non-fiction as fiction. The junior high school with shorter hours for the use of the public library is more dependent on the school library for books to satisfy

the craving for pleasure reading, hence the larger proportion of fiction recorded there.

The background obtained from wide reading, wisely directed, is invaluable. The school library strives to instill and foster sane and happy reading habits. It is one of our most efficiently and enthusiastically administered departments.

The hearty co-operation which we have received from the Stoneham Public Library in keeping open mornings for junior high school pupils has been an invaluable aid. We take this opportunity to publicly thank the Board of Library Trustees, Miss Jackson and her Assistants.

DOMESTIC SCIENCE AND HOME MAKING

"Thus times do shift,—each thing his turn does hold.

New things succeed, as former things grow old."

—*Robert Herrick.*

Home Economics as a school study is still in its youth, and constant changes in its teaching, in accordance with the progress in educational philosophy, and the rapid changes in home and family life, are essential.

In the earlier periods of home life in our country very little change took place from one generation to another in house operation and management. Mothers trained their daughters in the standards, skills, and traditions of their own generation. Now, however, on the one hand we have the city house,—small, compact apartments where a minimum of cooking, laundering, and entertaining may be carried on, and with no provision for infants or small children; on the other hand, the country home with its standards, skills, and traditions somewhat modified from the earlier periods. Between these two extremes we have innumerable types. The present day girl is confronted with this problem and must make her selection according to her taste and economic level. Economic changes are so rapid that she finds herself in a number of differing situations. To equip her adequately for living, meeting these changes, and adjusting herself to her environment, we can no longer teach just cooking, sewing, and home management. Although they are the basic factors they must be supplemented by other things essential to her well being and happiness.

In our shortened junior high school course we include not only the laboratory work in cooking, sewing, and home management but also a study of the personal background of the individual; the relation between environment and heredity, the development of personality, and a study of the background of present family life and standards of living including health habits, the family finances, home budgeting, and the rights, duties, care, and training of children in the home. Training in the well balanced use of leisure time is also given.

PHYSICAL EDUCATION

The selection of physical activities is dependent upon the in-

terests, capacities, and needs of the different age groups in our school system. The children of the first three grades prefer imitation, impersonation, and repetition. Their activities must be of short duration, require only simple rules, and little skill or concentration or endurance.

In grades four, five, and six, the pupils begin to welcome greater demands upon their perception and quick judgment. We believe that if proper physical development is made in these grades a great many of the ills of later life may be eliminated.

In the junior-senior high school the pupils desire the more highly organized types of activities and games. We strive to encourage every pupil to supplement the physical education of the school by similar outside activities. It is for this reason that the School Committee has allowed the use of the high school gymnasium for an evening class for the ladies, one for the men, an evening for the boys' church basketball league, and an afternoon for the girls' church basketball league.

The corrective work started by Mr. Elerin last year for boys in the elementary grades has been continued and enlarged. This work is slowly showing results in better posture for the group receiving the special training.

ART

In the elementary grades art is being more and more correlated with the work of the other subjects, especially of the Social Sciences. The work in the junior-senior high school is largely of an individual nature. A careful check by the art supervisor shows that this method has increased the interest of both pupils and teachers and at the same time has given a better foundation in real art appreciation than is possible under a more cut and dried art course.

MUSIC

The work of the grades has been carried on at the former high level, but the work of the junior-senior high school has suffered because of the two-platoon system. It is almost impossible for the two orchestras to rehearse together. The orchestra work which is being carried on is done entirely outside of the pupils' regular school hours. Much credit is due the pupils for their faithfulness in attending rehearsals.

We all feel that music is a most important part of the education of every pupil. We therefore look forward with anticipation to that time when we may again give music instruction its proper place in the school program.

PENMANSHIP

Even though the typewriter is becoming more and more a factor in our private and business life, a legible handwriting with a fair degree of speed is not only desirable but very necessary. We have had many favorable comments upon the penmanship of our

pupils. A very large per cent of our pupils secure rewards for proficiency in writing.

REPAIRS

During the year every room in the junior-senior high school has been redecorated. The materials were furnished by the school department and the labor by the E. R. A. Most of this work was very well done and will save the town the large expenditure which had been predicted in previous school reports. This work is much appreciated by all pupils and teachers who work daily in rooms which are now much lighter and more attractive than they were last year.

In order to provide the funds for the materials for the E. R. A. work it was necessary to let many other repairs go undone. We hope that those repairs asked for in our 1935 budget will be made during our next fiscal year.

EVENING SCHOOL

Our evening school is a very important and much appreciated part of our public school system. We especially invite any one who is interested in an opportunity for further study along the lines offered in our evening school to visit us. When we compare the experience of other evening schools with our own, we find that our per cent of attendance and the number of pupils who continue through and receive certificates is very satisfactory.

ADULT ART CLASSES

Last year under the F. E. R. A. we established an adult arts and crafts class. It proved so satisfactory that we were granted Federal funds for two instructors to continue the work. The work, which may be begun at any time, is largely individual and therefore varies according to the wishes of the students. We were much pleased to have the state supervisor of the classes under the F. E. R. A. report that the Stoneham class was one of the best in Massachusetts.

CONCLUSION

During the trying days of the last three years our public schools have offered a haven to many pupils. There has been a great effort on the part of teachers, principals, and supervisors to make the work of the schools of more than usual interest to the pupils as well as to broaden the curriculum so as to meet the changing needs of the time. Our common trials have brought us all closer together. It is my honest conviction that the teachers have never worked harder or with greater zeal.

I trust that the people of Stoneham will understand how closely the general good of our own community as well as that of the nation is bound up with adequate support of the public schools. Likewise that because the social order of tomorrow will differ from that of today our curricula must change to meet the new

conditions. Further, that if education is to be the living, growing factor in our social structure, we must encourage men and women of high character as well as sound education to consider teaching as a life work.

To the School Committee, the Principals, the Supervisors, the Teachers, and the other Citizens who have aided in keeping our schools on as high a standard as circumstances permitted, I wish to express my hearty appreciation.

Respectfully submitted,

CHARLES E. VARNEY, Superintendent of Schools.

Report of School Nurse

Health education is daily becoming a more important factor in the work of the modern School Health Department. It is recognized that if the health standards are to be raised, if we are to reduce the case and death rates of communicable diseases, health education must be carried on.

People need to be taught how to make the best of the conditions under which necessity demands that they live—they need to be instructed in personal and community hygiene so that by the absence of preventable diseases their lives shall be fuller and happier ones. A good health education program will eventually reduce the cost of keeping a town healthy. With the teachers, the doctor and the nurse working together in the formation of good health habits among our children, the impartation of sound health knowledge and the developing of healthy attitudes toward the children's personal health and their duty toward preserving good community health, our town has taken long strides toward raising its health standards.

A splendid opportunity for health education presents itself in our clinics. Foremost of these perhaps is the pre-school clinics. With the preparation for school each fall of new children entering school, and the correction of their difficulties in order that school life may be most profitable, they learn greater appreciation of their family physician and dentist, their school physician and nurse, and the opportunities of clinics furnished by our Health Department. This appreciation is increased by really educational health examinations. Thus it is that our annual health examination may come to mean that the doctor is coming to find as many perfect children as possible. During the past school year the percentage of defects found at the time of the physical examination reached 35%. Of the total number of eye tests made, 5% were found defective. Seven per cent of the school population are now wearing glasses. Of the total number of hearing tests made, 3% were found defective. Other clinics worthy of mention are: tuberculosis clinics, habit clinics, schick test clinics and posture clinics.

Work has been done in co-operation and collaboration with the State Department of Public Health, the American Red Cross,

the Massachusetts Tuberculosis League and the local Board of Health.

Campaigns for Diphtheria Immunization, dental work, communicable disease control and the like have been carried out.

Classroom inspections, periodic weighing and measuring, mid-morning lunches, consultations with parents, home visits, first aid treatments, classroom talks and health talks to various groups of people—all have been vital forces of our school health program.

Good physical health is but a means to our goal of clear minds and well integrated personalities. With the continuance of health education in our schools there is no doubt but that health standards will be raised.

Respectfully submitted,
MARION L. FRANCHERE, R. N., School Nurse.

Report of Faculty Manager of Athletics

I herewith submit the annual financial statement for the High School Athletic Association.

I pointed out last year in my report the increasing difficulty of supporting athletics from admissions to interscholastic games. I should like to emphasize again the desirability of an enclosed athletic field so that regular admissions might be collected for our athletic contests. Another need that has been expressed before is that of seating facilities in the High School gymnasium. I trust that the time is not far distant when we may have such facilities for our indoor sports and entertainment.

In organizing our athletic program for the year and in arranging a budget, it seemed advisable to schedule some so-called home games on the opponent's field. We have provided this arrangement in both the Woburn and Reading games with the result that we may expect to receive more than double the amount of revenue we could get at a game played in Stoneham on an open field. To supplement the receipts from athletic games in order that we may meet the necessary budget, we propose to the School Committee the following activity program: During the fall term, a picture and vaudeville show at the Stoneham Theatre; during the winter term, a minstrel show to be presented in the High School gymnasium, and during the spring term, the annual indoor circus. This is approximately the same program of activities that was carried out last year and the splendid success which we attained last year prompts us to repeat it.

The Financial report follows. Under the classified heading, General Receipts and Expenditures, are such items as cannot properly be assigned to a special branch of athletics. Included under this heading is a gift of thirty-seven dollars from the Class of 1934 for which we are very grateful.

Respectfully submitted,
WILLIAM M. NADEAU, Faculty Manager of Athletics.

Middlesex County Extension Service

The agricultural work has been of a general nature with a few farm visits, meeting all requests, and giving information to many local people interested in home gardening.

The Extension Service program in Food and Nutrition, Home Management and Home Grounds Improvement has been carried by two groups in Stoneham. Leaders in this work have been Mrs. Ruth Stroebe, Mrs. Walter Johnson, Mrs. Fred Blaisdell and Mrs. Roscoe Thompson. Two groups led by Mrs. Walter Johnson, Mrs. Elizabeth McRae and Mrs. Dorothy Smith have enrolled for the course on Guiding the Pre-School Child. An illustrated talk on the Garden of Health was given by one of the agents to the members of the Mothers' Club. A demonstration by the Food Preservation Specialist on Canning and Jelly Making was conducted in the foods laboratory of the high school.

It is hoped that more homemakers will take advantage of next year's program. Many fail to realize that this is a free service. The clothing work beginning in February should be of interest to all who wish to reduce their clothing expenses.

Six 4-H Clubs carried on activities in clothing, food, home-craft and gardening under the leadership of Miss Rosemary Hamill, Mrs. Doris Jaques, Miss Clarice Jones, Miss Leora Millet, Mrs. Alice Stetson, Miss Catherine Hubby, Miss Gladys Colwell and Percival H. Wardwell. The clubs combined for a town rally each month through the winter. Stoneham girls took a prominent part in the sectional dress contest. Clarice Jones was one of the winners in the County Contest and represented the County in the State Dress Contest. She was awarded a certificate by the National 4-H Committee with headquarters at Chicago. In January, 1934, Clarice Jones was selected as the best all-round 4-H club girl in Massachusetts and was awarded a medal by the Massachusetts Department of Agriculture at the Union Agricultural Meeting held at Worcester.

In June the annual exhibit and program was held in the American Legion Hall. The lower hall was beautifully decorated in green and white and the tables and walls laden with exhibits of muffins and other quick breads, dresses and numerous other garments, sewing kits, gifts, quilts, bureau scarfs, and many other articles useful in the home. The program was in the form of an original pageant written and directed by Miss Gladys Colwell. It

consisted of a series of scenes showing how 4-H Club work was organized and conducted. Garden Club members had excellent gardens in spite of the dry season.

Louise Hayden, Norma Lister, and Ruth Mullens were awarded a two-day trip to the Massachusetts State College for their excellent work.

There are still some people in Stoneham who do not realize that the service rendered by the Middlesex County Extension Service is free to all citizens and the programs in homemaking and agriculture for adults and boys and girls are available to all who make a request for them.

Courses for Professional Advancement Taken by Teachers During 1934

Teacher	Spring	Summer	Fall
Irene G. Bagley		Leather Tooling; Jewelry Making—Artcraft Studio	Improvement of Teaching Through Supervision—B. U.

A Brief Explanation of Items in the Budget

I INSTRUCTION AND GENERAL CONTROL

Salaries: The difference between salaries for 1934 and for 1935 is due to a proposed restoration of one-half of the salary cuts now in effect.

Books and Supplies: These two items are the same as last year. The amounts are the minimum with which we can supply each pupil with the necessary working materials. See additional information on per-pupil costs at the end of this budget.

II OPERATION

Salaries: The difference between salaries for 1934 and for

1935 is due to a proposed restoration of one-half of the salary cuts now in effect.

Fuel (Estimates):

Anthracite

North School	32 tons
South School	42 tons
East School	30 tons
Dean School	80 tons

Total, 184 tons at \$12.10—\$2,226.40

Bituminous

Emerson School	85 tons
Dean School	30 tons
High School	475 tons

Total, 590 tons at \$ 7.00—\$4,130.00

Estimate wood for all schools, \$60.00. Total for fuel \$6,416.40.

Prices for coal used above are those which we are now paying.

Miscellaneous: This item includes:

Electricity	\$2,800.00
Gas	90.00
Water	645.00
Floor Treatments	300.00
Paper towels, toilet paper, soap, etc.	500.00
Sweeping compounds and disinfectants	165.00

Total\$4,500.00

III MAINTENANCE

Repairs: As will be noted, the amount expended for repairs over the last five years has been exceptionally small. We have left undone some of the things which should have been done this year in order to do the E. R. A. work. It seems impossible to list the repairs which could be done under the estimated amount of \$3,500. This should include the stairways in the Dean School, certain electrical work in the Senior High School, especially in the shops, replacing the old fountain on the second floor of the Senior High School, and repairing hall floors in the Senior High School.

IV AUXILIARY AGENCIES

Health: The slight increase in this item is due to the proposed restoration of one-half the salary cuts now in effect.

Transportation: Same as last year.

Tuition: Same as last year.

Miscellaneous: Same as last year.

V OUTLAY

New Equipment:

Steel shelving	\$ 35.00
15 Desk units at \$10 each	150.00
18 Pupils' chairs at \$3	54.00
12 Typewriter tables at \$6	72.00
Physics laboratory equipment	198.00
2 Typewriters at \$70	104.00
1 Portable typewriter	48.00
Chemistry, biology, Gen. science Lab. Equip.	125.00
75 Combination locks at \$1.10	82.50
Shop equipment and miscellaneous	95.50
<hr/>	
Total	\$1,000.00

Some School Costs

Per pupil in net average membership annual cost for the twenty towns in Greater Boston area:

Brookline	\$151.75	STONEHAM	\$88.73
Wellesley	123.01	Milton	87.95
Concord	116.78	Weymouth	84.38
Swampscott	112.41	Needham	83.54
Arlington	100.81	Watertown	81.62
Reading	94.95	Dedham	80.72
Lexington	92.75	Wakefield	80.46
Belmont	91.96	Winthrop	76.64
Winchester	90.13	Braintree	71.29
Andover	89.13	Saugus	59.61
Average for the twenty towns	\$92.92		

Below are the per pupil in average membership costs in Stoneham for fuel, electricity, water, instruction, books and supplies. All figures are for the fiscal year 1933 or the school year 1933-34 except fuel which is for 1932. In 1933 the anthracite coal was not purchased for the full year owing to the large cut in the school budget for that year.

	Fuel 1932	Electricity 1933	Water 1934
Dean School	\$5.00	\$1.49	\$.34
Emerson School	1.54	1.00	.32
North School	3.80	.65	.10
South School	4.00	.57	.09
East School	3.13	.74	.18
Junior-Senior High	2.70	2.20	.27

SCHOOL YEAR 1933-34

High School with an average membership of 396

Total cost for supervisors, principals, and teachers	\$32,197.19
Average per-pupil cost for school year for instruction	81.31
Average per-pupil daily cost for instruction449

Average per-pupil cost for books for year	3.13
Average per-pupil daily cost for books017
Average per-pupil cost for supplies for year	6.19
Average per-pupil daily cost for supplies034
Junior High School with an average membership of 454	
Total cost for supervisors, principals, and teachers	\$29,232.85
Average per-pupil cost for school year for instruction	64.39
Average per-pupil daily cost for instruction359
Average per-pupil cost for books for the year	2.34
Average per-pupil daily cost for books013
Average per-pupil cost for supplies for year	3.41
Average per-pupil daily cost for supplies019
Elementary grades with an average membership of 882	
Total cost for supervisors, principals, and teachers	\$43,610.62
Average per-pupil cost for school year for instruction	49.45
Average per-pupil daily cost for instruction274
Average per-pupil cost for books for year	1.75
Average per-pupil daily cost for books0097
Average per-pupil cost for supplies for year	1.63
Average per-pupil daily cost for supplies009

It should be noted that the per-pupil cost of fuel in the Dean School due to the type of building and heating equipment is more than three times that of the new Charles J. Emerson School.

Absences of Teachers for which they were Paid Salary for the School Year 1933-34

(This does not include leaves of absence or other unpaid absence)

ON ACCOUNT OF THEIR OWN SICKNESS OR ACCIDENT

Total days	143.5
Average days per teacher	2.2

ON ACCOUNT OF OTHER EMERGENCIES

Total days	37.0
Average days per teacher5

Grade XII	17 years 4 months
Grade P.G.	18 years 0 months

REPORT OF EMERGENCY RELIEF ADMINISTRATOR

To the Citizens of Stoneham:

In order that the town's people may acquaint themselves with the work and expenditures in connection with the C. W. A. and E. R. A. administration, I would submit the following report:

C. W. A., as you perhaps already know, was started during the last of November 1933 and work was already in progress on some of the C. W. A. projects at the first of the year. Under the policy of administration as issued to local offices, the main object was to furnish employment to men who were able bodied and could not obtain work and who had of necessity to apply to the Boards of Public Welfare or other relief agencies. Projects which were submitted by this office and approved by the State Department, furnished work for all able bodied men who were on the relief rolls and also an equally large number who would, without question, have found it necessary to apply for some sort of aid. Most of the projects which were submitted during the first part of the year were for work done in connection with the Water Department and also the Highway Department and while the progress made seemed rather slow on some of these projects, the men were given an opportunity to be either wholly or partially supported by their earnings rather than through local relief funds

Work continued under C. W. A. Administration until the first day of April when the entire set-up was changed and federal relief continued under the heading of the Federal Emergency Relief Administration. At this time, in order for an applicant to obtain work on Federal projects, it was necessary for his case to be certified by the office of your local administrator. In order that cases might be properly investigated and checked up, we were able to obtain, through the co-operation of the Board of Public Welfare, the services of their agent for the purpose of assisting in investigating cases, both of public welfare applicants and also E. R. A. applicants who had not applied for welfare relief.

One of the difficult problems in connection with the Federal Relief Work has been the lack of funds necessary for the purchase of equipment and materials on the various projects. With the co-operation of the various department heads who were able to furnish funds from their appropriations, work was continued throughout the summer. On September 10, at the special town meeting, the town voted to raise the amount of seventy-five hundred dollars (\$7500.00) for the purchase of materials and supplies to be used in connection with work done on E. R. A. projects. This has been

of great help to us in carrying on the projects and also starting new projects.

E. R. A. funds are allotted to us on a monthly basis. Our allotment for the Town of Stoneham has increased until at the present time our allotment is thirteen thousand five hundred dollars (\$13,500.00). This money is spent for labor only. During the year your local E. R. A. Administration has spent one hundred sixty thousand, six hundred sixty-three dollars (\$160,663.00) for labor on projects in Stoneham. Expenditure of the above money has meant that we have been able to employ between two hundred and fifty up to over three hundred workers during the entire year. At the present time there are three hundred and ten workers.

A list and a brief description of all work completed by E. R. A. labor is as follows:

FRANKLIN STREET WATER MAIN

The old six inch cement lined water main has been replaced with sixty-three hundred feet (6300') of ten inch cement lined pipe with necessary house and hydrant connections.

SUMMER STREET WATER MAIN

Summer Street Water Main was replaced with thirty-nine hundred feet (3900') of eight inch cement lined pipe.

ELM STREET SEWER

This project provided for a new sewer starting opposite the Town Infirmary and running easterly to the Wakefield line; also the construction of a sump pit and the installation of automatic pumps and will take care of the sewerage in this section for a great many years.

CRESCENT AVENUE SEWER

Two hundred and fifty feet (250') of new sewer which is connected with the new Elm Street sewer.

EAST STREET DRAIN

Eight hundred and eighty-eight feet (888') of twelve inch drain connecting with Whipple Avenue Drain which was put in by the Town in 1931.

FRANKLIN STREET DRAIN

This project provided for the construction of a new drain for a distance of thirty-seven hundred feet (3700'). This drain will take care of all of the low section in this end of the town.

HARRISON STREET DRAIN

Three hundred and fifty feet (350') of ten inch drain connecting two existing drains.

SPENCER STREET DRAIN

Spencer Street Drain provides thirteen hundred fifty feet (1350') of ten inch pipe which is a new drain starting at the corner of Hancock and Spencer Streets running the length of Spencer

Street and through the property formerly occupied by the tannery. This is connected with the drain which empties into Gould Meadow.

SPRING STREET DRAIN

Three hundred thirty-six feet (336') of ten inch drain connecting with the original drain which drained the section of Spring Street between Spring Lane and the property of Mr. Chapman.

WASHINGTON STREET DRAIN

Three hundred forty-seven feet (347') of ten inch drain pipe starting at junction of Elm and Washington Streets running southerly.

SWEETWATER BROOK

Sweetwater Brook project provides for cleaning and widening all of this brook throughout its entire length of eleven thousand feet (11,000'). Project also provided for stoning of the brook where it was most likely to wash out.

PARKING LOT — EMERSON STREET

Grading of the lot where town building was recently torn down. This lot has been graded and smoothed so that it might be available for parking purposes.

NORTH MAIN STREET SIDEWALK

Gravel sidewalk has been built on the westerly side of Main Street starting at the Spear property and running northerly to the Reading line.

CEMENT SIDEWALKS

This was for the construction of a cement sidewalk and curbing in front of the Emerson School; also on the easterly side of Central Square and one hundred feet (100') on Franklin Street.

STREET BOUNDS

We have a project in operation which is for the purpose of locating street bounds and installation of new stone bounds where they do not exist at the present time. This project also is for the purpose of completing the town's maps and records in connection with the above.

ERADICATION AND CONTROL OF THE POISONOUS WEEDS AND PLANTS

Men on this project cleared the entire town and destroyed all poison ivy and other poisonous plants.

BLACKSMITH PROJECT

The Blacksmith project has furnished two men for sharpening and repairing tools and equipment used on E. R. A. projects.

LINDENWOOD CEMETERY

Twenty-five hundred dollars (\$2500.00) spent for grading and laying out of part of the land recently purchased for cemetery purposes.

POMEWORTH STREET PLAYGROUND

This project, which was under construction during the winter had to be discontinued on account of the lack of funds for removal of ledge. Necessary funds have been received for the removal of the ledge and men are completing this project at the present time. This will furnish additional playground area and also when completed will have three tennis courts properly surfaced and fenced in.

HEALTH AND RECREATION

E. R. A. provided four instructors at the playgrounds—two of these instructors were at the Tidd Street Playground and two at the Pomeworth Street Playground.

PAINTING PROJECTS

E. R. A. workers have painted the inside and outside of the fire and police stations; also the inside and the outside of the Junior and Senior High School. In addition to the above mentioned, the house at No. 6 Emerson Street was painted on the outside.

LIBRARY PROJECT

E. R. A. provided workers for cleaning and repairing books. This work has enabled the Public Library to have the use of approximately fifteen hundred books which were in such condition that they had been removed from circulation.

WOMEN CLEANERS

Women on the cleaning project have washed the walls and woodwork in the Public School Buildings of the town.

SEWING PROJECTS

This project has provided for employment of between thirty and sixty women during the entire year. During the early part of the year, all articles made by the Sewing Unit were given to our local recipients of relief. However, this method has been changed and our garments are now sent to a central commissary and our local people are taken care of by a weekly requisition through the E. R. A. commissary. All cloth for this project has been furnished by the Federal Government at no charge.

In addition to the above work, E. R. A. has furnished various kinds of clothing and food products and coal for the use of the people of the town. All products furnished by E. R. A. have been distributed by orders which were presented to our local distributing point, which is located in a town building at 43 Central Street. E. R. A. has also furnished necessary personnel for the operation of this store.

SOCIAL WORKERS

During the past year we have been able to provide visiting housekeepers and practical nurses in cases where there was sickness and trouble and where the head of the household was not able

to provide for this care. We have furnished two hundred and fifty weeks' employment for the above purpose.

The Town of Stoneham was also fortunate in that it was made a Central Pay Point for the cities and towns in this district and the following towns are paid through the Stoneham office: Wakefield, Reading, Woburn, North Reading, Burlington and Stoneham.

This has enabled us to provide work for additional clerical employees which we could not have done otherwise. The administration of Federal Relief funds covering the payment of labor on these projects requires a great deal of detail work and supervision and could not have been carried on without the full co-operation of the heads of the various departments and offices and I would take this opportunity on behalf of the local office to publicly thank the Board of Selectmen and the heads of all the Departments with which I have come in contact during the past twelve months.

For the benefit of the town's people, I would also add that my dealings with the State Administration during the entire year have been most cordial and the Town of Stoneham has, I believe, been used very fairly by the State Department both in the amount of money allowed to the town and in the consideration of projects allowed by them.

Respectfully submitted,
HORACE I. NEWCOMB, E. R. A. Administrator.

REPORT OF BUREAU OF OLD AGE ASSISTANCE

To the Citizens of the Town of Stoneham:

The Bureau of Old Age Assistance submits its fourth annual report.

The Bureau organized as follows: Charles E. Ames, Chairman; Horace I. Newcomb, Secretary; and Hugh A. Dougherty, Clerk.

On January 1, 1934, there were 42 people receiving Old Age Assistance; July 1, 53 people, and December 31, 56 were being assisted. There were 23 new cases added during the year and 9 were closed out as follows: 3 passed away; 3 moved to other cities or towns; and 3 received assistance from other sources which made it unnecessary to aid further. This made a net increase of 14 cases for the year.

In view of the continued unsatisfactory business conditions this increase was no greater than anticipated and it should be borne in mind that in order to be eligible to receive Old Age Assistance the applicant must be more than 70 years of age, therefore making it practically impossible to assign these people to any of the Federal Aid projects.

During the past year all new cases have been thoroughly investigated before aid was authorized and the action of the local Bureau is in all cases investigated and approved by the State authorities. The local investigator has made many visits to the home in addition to field visits made by State investigators.

The work in general is well organized and an improvement has been made in the keeping of office records and the rendering of bills to other cities and towns as well as the numerous reports to the State Bureau.

Many of those on the rolls have required medical attention and hospitalization which have been cared for by our regular Town Physician, Dr. Blenkhorn, and the New England Sanitarium and Hospital, and our thanks are extended to them for their hearty co-operation. Many cases have required ambulance service which has been cheerfully furnished by our Police Department to whom we also extend our thanks.

It has been a pleasure for the Board to serve during the past year and we have endeavored to judge all requests fairly and squarely to all concerned. What the year 1935 will bring is more or less of an estimate but judging from past records an increase should be expected. Whatever it is your Board will continue to function to the best of their ability and will be pleased to receive visits from any citizen who is interested in this work.

CHARLES E. AMES,
HORACE I. NEWCOMB,
HUGH A. DOUGHERTY,
Bureau of Old Age Assistance.

REPORT OF COMMITTEE ON SWIMMING POOL

The Committee appointed to investigate possible sites and methods of financing a municipal swimming pool, reports as follows:

There are two possible solutions of this problem, namely:

(1) an artificial pool and (2) a natural location.

In a study to determine the advisability of constructing an artificial pool, a visit was made to the pool at Lexington. The committee feels that this type should be the ultimate solution in our town. A pool larger than the one at Lexington should be built. The cost would be in the neighborhood of \$20,000 and the maintenance cost about \$1,000 per year. If this were submitted as a Federal Project the cost to the town for material only would be about \$12,000. The committee does not feel that they should recommend this expenditure, particularly in view of the possible expenditures for more important matters within the near future. It does wish to make clear that any later recommendations in this report are in the nature of a temporary solution and that the final solution is the artificial pool.

In a study to determine natural locations, visits were made to neighboring towns where this type of a pool is being conducted. Visits were made to the following locations in our town: Dike's Pond, Bucknam's Pond, Doleful Pond and Dark Hollow Pond (Duck Pond). The committee's conclusions on each of the above sites were as follows:

Dike's Pond: Inadequate water supply during the summer months. Land bordering the pond owned by several parties who quote excessive prices for their land. Location is not favored by the committee.

Bucknam's Pond: A price of \$7,000 has been quoted the committee by the owner of the land. The pond is inaccessible, requiring expenditure to build a road. The bottom is muddy and would require considerable expense to drain and clean. This site also is not approved by the committee.

Doleful Pond: The nature of the bottom is entirely unfit for bathing purposes.

Dark Hollow Pond: This pond is sometimes called Duck Pond and is located on the west side of the Fellsway in the Middlesex Fells Reservation. The committee finds that conditions at the north end of this pond are favorable for bathing purposes. Due to the fact that it is under the jurisdiction of the Metropolitan District Commission and is State property it presents a problem which might be solved in any one of three ways.

1. The District Commission might authorize the town to construct a bathing beach and bath house, which would be operated by the town. This, however, could not be used exclusively by Stoneham citizens, but would have to be open to any resident of the Metropolitan District. The committee do not feel that this plan is feasible.

2. The District Commission might lease to the town at a nominal fee, the entire watershed of this pond. The town could then construct the beach and bath house and operate it for the benefit of the citizens of Stoneham, exclusively. The committee feels that the cost of policing would be large, due to confusion on the part of citizens of other towns as to the lease arrangements. We do not favor this method.

3. A bill could be filed by our representatives to the General Court, asking for an appropriation to develop this site for bathing purposes. This would make it a State and not a Municipal project. We believe that this method should be followed. This committee proposes to ask the citizens at the annual town meeting, to vote on the following expression of opinion.

"We move that it be the sentiment of the citizens of the Town of Stoneham that the Representatives to the General Court be asked to file a bill, authorizing the Metropolitan District Commission to construct and maintain a bathing pool and bath house at Dark Hollow Pond, this to be done at no direct expense to the Town of Stoneham."

This committee has received assurances from the District Commission and our Representatives and Senator, of complete cooperation.

We report this as the temporary answer to the bathing pool problem.

Respectfully submitted,

PERCIVAL H. WARDWELL, Chairman.

REPORT OF PUBLIC LIBRARY TRUSTEES

To the Citizens of Stoneham:

The part that is taken by the library in the civic life of the community is well reflected by the increased patronage from year to year. There has been no exception to the upward trend during the past year, the total circulation having reached the highest mark in the history of the library.

Such increased use involves increased wear on books and building, increased service and supervision, all of which is to be expected. Last year funds were made available by the Civil Works Administration, by use of which, a large number of books were repaired. This arrangement does not appear to be available for the coming year. There is also a well grounded demand for more books. Your trustees have satisfied the demand as far as possible, the expenditure for books last year being larger than the sum spent for books for the year 1933.

In the face of the decreased appropriation for 1934, the bills have been paid by using in addition a large part of the accumulated interest on funds belonging to the library, which may be used for this purpose. It is evident that this cannot be done another year.

Some years ago, before the cost of books had become as high as at present it was agreed by library officials having a wide knowledge of public library affairs that the expenditure of one dollar per capita was a suitable sum for library expenses to serve the best interests of the public. In view of present conditions your trustees do not ask for that amount but they are certain that an appropriation no larger than that of last year must result in decreased service.

When the report for 1933 was written, the decision of one of the trustees to withdraw from the board had not been announced. It would be an oversight to omit reference in the town report to the long and faithful service of Miss Cora E. Dike on the board of trustees. In season and out of season, for forty-five years, she served the town in this public capacity and has seen the library grow from the time when it occupied a few hired rooms to the present accommodations in the library building.

A survey of the library property will show that its physical condition is good in general. The morale of the members of the library staff is excellent and the trustees wish to commend them for their efficient work.

The report of the librarian and statement of expenses follow.
Respectfully submitted,

CHARLES H. CHASE,
EDWARD H. ADZIGIAN,
GEORGE A. HINCHCLIFFE,
HERBERT H. RICHARDSON,
GEORGE A. PACKARD,
CHARLENA T. LAMSON,
Trustees of the Public Library.

Report of Librarian

To the Trustees of the Stoneham Public Library:

The end of 1934 marks the third year of occupancy of the remodelled library building. It is very evident that the facilities of the old building would be entirely inadequate to accommodate the number of people, who now use the library, for reference, reading and borrowing books.

CHILDREN'S ROOM

Besides the afternoon hours for the circulation of books, the Children's Room has been open each school day through the year from 10.00 A. M. to 12.00 M., especially to accommodate the junior high school students for reference work.

"Book Week" was observed in the Children's Room by a display of books on "hobbies." On Saturday morning of that week a puppet show of Robinson Crusoe was given by Donald Sheehan, a boy in the sixth grade, who made the puppets and gave an interesting entertainment. There was also a fine display and talk given on wood working and fiber weaving by Robert Hunt, Richard Truesdale and William Rounds. Attractive leather articles were shown and their making described by Beverly Rogers and Norma Downs.

SPECIAL MATERIAL

Books are reserved for pupils on special shelves by request of any teacher or for any group of persons interested in special subjects.

EXHIBITION CASES

The library welcomes the loan of exhibits from any interested person for its exhibition cases, one in the Adult Reading Room and one in the Children's Room.

Among the exhibitions during the year was a very fine collection of shells arranged and classified by Ray Barnes.

Color prints showing the history and growth of the First National Bank of Boston for one hundred and fifty years. This bank represents the first bank in New England.

African carvings by Melvin Flynn, a student in the Boston Museum of Fine Arts School.

From the Massachusetts Library committee, there was a collection of pictures on our National Parks.

Some of the boys and girls from the grade schools under the direction of the art teacher, Mr. Flagg, and in co-operation with the Town Planning and Betterment Association, made model houses with landscaped grounds.

C. W. A.

Workers under the C. W. A. continued the mending of books that was started in 1933, working through March. A large number of books were mended and cleaned.

GIFTS

Gifts of books and magazines from patrons have been received during the year and these are of assistance as always to the library.

An unusual number of flowers were brought which were much enjoyed.

The Stoneham Garden Club have again maintained this year, as last, a continued exhibit of specimen flowers, from early spring to late autumn. Each specimen was accompanied by a card with the common and scientific name of the flower. Many persons showed their interest by examining them.

REPORT OF BOARD OF PUBLIC WELFARE

To the Citizens of Stoneham:

The Board of Public Welfare submits its annual report for the year ending December 31, 1934.

The Board organized as follows: Horace I. Newcomb, Chairman; Charles E. Ames, Secretary; Hugh A. Dougherty, Clerk.

The following appointments were made: Dr. James Blenkhorn, Town Physician; Horace I. Newcomb, Agent of Infirmary; William H. Rolfe, Superintendent of Town Infirmary; Gertrude Rolfe, Matron of Town Infirmary; Daniel Cullinane, Agent.

During the past year we have handled all welfare cases brought to our attention and know that the Federal projects were a great help and if we did not have them we hesitate in predicting what aid would have been required.

This Board must handle Stoneham settled cases in various parts of the State as well as those outside of the State. Careful consideration is given to each outside case when other cities and towns consult this Board. The Board members have gone to Maine and New Hampshire where cases were in question. These trips were of benefit to the recipients as well as the Town and positive information was secured and intelligently acted upon.

We have had several legal cases which have consumed considerable time and work both in procuring the necessary information and appearing in court, transporting parties concerned so as to consume the least amount of time which is an important factor in our office. The bulk of this information is furnished by the investigator who has investigated all Welfare, Old Age Assistance, and E. R. A. applications and many re-investigations as well as the revisits required by law on old age, mothers' aid and children under our Board.

Settlement of cases is another important duty requiring consistent study and checking; great care must be taken in rendering aid where it is expected that reimbursement will be made and those responsible must know and when practical their approval is secured.

Our method of distribution of aid is through the agent, who, with the State laws, general knowledge of the cases obtained from investigations, check up with State visitors and under the supervision of the Board has worked very satisfactorily.

On May 10 we received a letter from the E. R. A. Headquarters stating that by June 1 it would be necessary to appoint a competent investigator on E. R. A. in order to secure further allotments. The Board agreed that by appointing a clerk and placing

all the investigator's time on E. R. A. and Welfare that it would avoid a duplication of duties as well as a saving in salary for the Town which must assume administrative expenses of E. R. A. This arrangement was approved and excellent results were obtained.

The clerical work has increased in the office due to various reports required for headquarters, letters, notices and filing of correspondence whereby telephone information can be furnished when requested by Welfare Boards from other towns and cities and data for Town and State Officials.

COMPARATIVE COSTS OF 1933 AND 1934

Outside Relief:

Classification:	1933	1934	Increase	Decrease
Food	\$ 13,068.26	\$ 7,383.78		\$5,684.48
Fuel	903.90	1,373.09	\$ 469.19	
Rent	5,127.26	6,090.44	963.18	
Clothing	369.02	481.74	112.72	
Medical	739.88	1,089.72	349.84	
Cash	12,180.52	10,899.67		1,280.85
Board	84.00	585.99	501.99	
Lights	16.77			16.77
Nursing		8.00	8.00	
Funerals	165.00	593.00	428.00	
E.R.A. & C.W.A.	243.31	557.26	313.95	
Federal Coal		1,251.50	1,251.50	
Store	4.97	114.05	109.08	
Seed		15.05	15.05	
Hospital Trans. ..		1.50	1.50	
Moving	62.00			62.00
Paid to Outside				
Cities & Towns	3,016.42	4,386.47	1,370.05	
Town Physician ..	500.00	500.00		
Administration:				
Investigator	408.33	1,640.00	1,231.67	
Traveling	510.98			510.98
Clerk	435.30	649.38	214.08	
Postage	11.00	30.50	19.50	
Office Supplies	188.18	354.57	166.39	
Infirmary	8,242.83	7,748.70		494.13
Total	\$ 46,277.93	\$45,754.41	\$7,525.69	\$8,049.21
Decrease under 1933		523.52	523.52	

\$46,277.93 \$46,277.93 \$8,049.21 \$8,049.21

While the comparative table shows a saving of approximately \$7,000.00 less than in 1933 on outside relief, the total decrease amounted to but \$523.52. But when the extra expense is added such as E. R. A., Welfare Store and Federal Coal, amounting to

\$1,922.81 and payment to outside cities and towns of \$1,370.05 more than in 1933, we have made a considerable saving.

While the E. R. A. clothing was a wonderful help, even with this assistance we were unable to reduce our clothing expense because necessities such as shoes, rubbers, underwear and similar articles were not furnished.

In return for welfare we received work at the Town Infirmary which enabled us to produce crops as shown in the Infirmary report and distributed through the Welfare Store.

Medical expenses increased due to hospital bills and extra E. R. A. workers who we have to handle from our account. The Town Physician submits a monthly report and we feel it a duty to recognize the work placed on him by the Town. He has handled all our welfare cases and in addition the E. R. A. cases which amounted to 820 calls, which we know have doubled his work. These additions were received in a wholehearted manner and received his prompt attention whenever called upon. His cheerful performance of duty should be appreciated by the Town for the small salary which he receives.

Cost of funerals. In 1933 we had only 2 funerals while in 1934 we had to handle 7 funerals.

Another important fact is that we have no unpaid bills on hand. While we paid \$4,386.47 to other cities and towns, collections amounted to \$15,661.67 for 1934 and \$12,418.90 was collected on old bills. This was accomplished only by a concerted effort by all town officers working together toward this goal.

ANALYSIS OF WELFARE CASES

	July 28	Dec. 31
Children Boarded	4	4
Sick and Infirm	14	15
Mothers' Aid	7	6
Supplementary Aid to E. R. A.	23	36
Supplementary Aid to Earnings (Private)	2	1
Aged & Infirm (can only do special work)	5	10
Deserted Families	3	3
Special Temporary Cases	1	0
Unemployed	0	4
Totals	59	79

Welfare cases on hand on our rolls July 28, 1934, and December 31, 1934, show that active work is performed to keep to a minimum the recipients.

We wish to thank the Administrator for his co-operation in placing all our welfare recipients where possible and by his efforts has been able to secure more than \$160,000.00 on projects which is a very large sum for this town and in addition he has attended to all the functions of chairman of the Board of Public Welfare. We know it will be of interest to read the following report.

Early in 1934 the Federal Government furnished 734 tons of hard coal which was distributed according to their instructions which were that any person in need of coal should be supplied. Certain persons were allowed allotments who otherwise would not have been eligible for aid and it was not until after a considerable amount had been delivered at the Town's expense that instructions were received that would allow the recipient to pay for the \$2.50 delivery of the coal if they were able to do so. This resulted in an expenditure of \$1,251.50 which did not occur in 1933 and was for 500 tons. This left 234 tons which were delivered and paid for by the recipient. While this cost appears rather large it is a matter of fact substantiated by investigation that this alleviated suffering and prevented illness which otherwise might have occurred. If this coal had not been furnished by the Federal Government it is a matter of any one's guess as to how much extra the Town would have had to purchase locally. To analyze a bit further, this money furnished 734 tons of coal which if purchased locally at regular retail rates would have furnished only 85 tons.

The Federal Government furnished the following items for distribution to recipients of Welfare, E. R. A. and Civic organizations. The Administrator who is also the chairman of the Board of Public Welfare arranged for the actual handling of this distribution.

734 tons of coal	72 bags oranges
210 dozen of eggs	357½ lbs. cheese
814 lbs. rice	8200 lbs. potatoes
4120 lbs. butter	99 bbls. cabbage
625 lbs. beans	9284 lbs. pork, smoked
300 bags flour (24½ lb. bags)	2592 lbs. canned roast beef
630 lbs. lard	864 lbs. hamburg—canned
720 lbs. Wheato-Cereal	3836 lbs. frozen veal

The following list of clothing was distributed through the Welfare Store:

76 Sweaters	28 combinations (underwear)
20 Overalls or dungarees	133 Pajamas
546 Men's shirts	646 Nightgowns
1583 Dresses	58 Quilts
192 Boys' blouses	879 Sheets
63 Boys' knickers	945 Pillow cases
180 Boys' suits	772 Towels
45 Rompers, infants	2 Blankets
52 Middy blouses	—
21 Blouses and skirt suits	6736 Pieces
246 Bloomers	12 Complete Layettes
249 Slips	31½ Dozen Diapers

In closing we wish to publicly thank the New England Sanitarium and Hospital, civic organizations, Police Department and the various town officers who have co-operated so excellently with us during the past year.

We wish to thank our Town Physician, James Blenkhorn; Superintendent of the Town Infirmary, William H. Rolfe, and matron of the Infirmary, Mrs. Gertrude Rolfe, for their cheerful performance of extra duties placed upon them in the past year and also our Agent, Daniel Cullinane, for his untiring efforts in the performance of his duty and all the clerical help in the town offices who have at all times willingly rendered their services. We likewise thank those citizens who have assisted us in any way with the work of public welfare.

Respectfully submitted,

HORACE I. NEWCOMB, Chairman.

CHARLES E. AMES, Secretary.

HUGH A. DOUGHERTY, Clerk.

As a part of our report we include that of the Superintendent of the Infirmary.

Report of Superintendent of Infirmary

December 24, 1934.

Board of Public Welfare,

Gentlemen: — I hereby submit my report for the year ending December 31, 1934.

Number of inmates being cared for December 31, 1934	17
Largest number of inmates at any one time	24
Total number of inmate days for the year	7,919
Number discharged to their own care	3
Number of deaths among inmates	4

The number of outside workers at the Infirmary has been less this year on account of E. R. A. work and we have provided 785 dinners for these men.

At the request of the Board a great deal of time and attention was given to the raising of garden truck and vegetables and we have delivered the following to the Welfare Store for distribution:

Spinach	86 bushels
Swiss Chard	35 "
Beets	129 "
Lettuce	57 "
Beans	39 "
Summer Squash	9 "
Cucumbers	233 "
Tomatoes	70 "
Apples	43 "
Carrots	149 "
Peppers	6 "
Cauliflower	4 "
Celery	76 "
Turnips	53 "
Sweet Corn	133 "
Winter Squash	5115 pounds

Cabbage	3173	"
Onions	459	"

During the early spring with the assistance of the outside unemployed we took down a house on Emerson Street and have saved the lumber with the idea in mind that we might have a hen house or wagon shed built with E. R. A. labor and at no expense to the department.

The kitchen at the Infirmary has been remodeled making it more convenient.

At the request of the State Department of Agriculture the cows at the Infirmary received the Tuberculin test which was made by a Federal Veterinary and the results showed that there were no animals infected and a certificate for a clean herd was issued.

During the past year our truck has made 92 trips to various points in greater Boston for surplus foods and materials issued by the E. R. A. Administration. These commodities were taken to the Infirmary where they were stored and delivered to the Welfare Store as needed. I would like to call attention to the Board as to the condition of our truck which is practically worn out.

In conclusion I wish to thank the Board of Public Welfare and other Town Officials for their co-operation and interest taken during the past year, also the organizations and individuals who in any way have helped to make things more pleasant for the residents of the Infirmary.

Respectfully submitted,
WILLIAM H. ROLFE, Superintendent of Infirmary.

REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Stoneham:

At the annual town meeting you elected Harry R. Dockam, Thomas E. Cahill and Everett C. Hunt to carry on the town's affairs for the year 1934.

We appreciate the confidence placed in us and we have tried to give a faithful administration. The year has been one with many problems, to which we have given our sincere consideration.

On March 6, 1934, the Board organized as follows: Chairman, Harry R. Dockam; Secretary, Thomas E. Cahill; Disburser of Soldiers' Benefits, Everett C. Hunt.

Following are the appointments made during the year:

Committee on Unemployment: T. Arthur Pettengill, Everett C. Hunt, Charles E. Ames, Horace I. Newcomb, Hugh A. Dougherty, Cornelius J. Sweeney.

Lighting Committee: Patrick J. Callahan, Edward L. Strobel, Pender S. Humphrey, Charles Baldwin, Ralph A. Jenkins.

Grievance Committee E. R. A.: Ralph A. Jenkins, M. Frank Corcoran, Laura E. B. MacKay.

Town Counsel: Luther Hill.

Town Accountant: Charles A. Owen.

Constable: J. Clarence Nelson.

Building Inspector: Charles Baldwin.

Sealer of Weights and Measures: J. Algernon Forbes.

Public Weigher: Arthur O. Wheeler.

Tree Warden: Percival H. Wardwell.

Forest Warden: William F. McCall.

Animal Inspector: William H. Rolfe.

Police Officers: George J. McDonough, Ellis B. Bradshaw.

Janitor of Armory Hall: George B. Williams.

Park Commissioner: Fred A. Schneider, to fill vacancy caused by death of George M. Jefts.

In the year of 1933 the Town voted to borrow money from the Commonwealth to meet its financial obligations. By so doing, it caused us to present all appropriations voted at our town meetings to the Emergency Finance Board for their approval and in the opinion of the Board of Selectmen, this has not caused any injustice to the taxpayers or any embarrassment to any town department.

We have been very fortunate in having in the person of Horace I. Newcomb, an ERA Administrator who, from month to month, with the assistance of the Board of Selectmen, has been able to increase the town's allotment of money from the Federal

Government, thereby keeping a great number of men employed. Approximately \$160,000.00 was received during the year of 1934. We urge our citizens to read the detailed report of the Administrator.

Superintendent of Public Works Cornelius J. Sweeney has worked in harmony and unison with the Administrator and through such co-operation such projects as Pomeworth Street Playground, replacing water mains, new sewers, sidewalks, cleaning brooks and drains, etc., have been accomplished.

We are very grateful to the Committee on Unemployment, who were appointed to expend a sum of \$20,000.00 which was segregated from the appropriation for Public Works. The resurfacing of Franklin Street is an outstanding job, which was done under the supervision of Superintendent Cornelius J. Sweeney and this Committee, under the chairmanship of T. Arthur Pettengill.

At a special town meeting held September 10, 1934, the sum of \$7,500.00 was appropriated for the purchase of materials, appliances and truck hire on Federal Aid projects, enabling the Administrator to continue to relieve our unemployment situation. Even with all these different agencies for the relief of unemployment, many of those out of work continue to seek employment in our Public Works Department.

We have caused inventories to be taken in various departments of the town, which are on file in the office of the Town Clerk and can be referred to at any time and we suggest the continuation of this.

On November 26, 1934, a communication was received from the Mayors' Club of Massachusetts, asking for PWA projects, to be considered in Stoneham on a 50% grant from the Government. A committee composing of Harry R. Dockam, James A. Patch, Frank B. Hamill, Almond H. Smith, Ralph A. Jenkins, proposed four projects: Armory Hall alterations and repairs, High School and Auditorium, Elementary School and Town Office Building; total estimated cost of \$676,550.00.

At the meeting of the Board of Selectmen, January 2, 1935, it was voted that the chairman appoint a committee to consider the advisability of preparing and presenting applications to the Federal Government for the four proposed projects. The chairman appointed the following committee: Charles A. Owen, John J. Sullivan, Almond H. Smith, J. Alfred Patch, Luther Hill, Everett C. Hunt, Thomas E. Cahill, and Harry R. Dockam, said committee to be known as Selectmen's Advisory Committee on PWA projects. These projects were presented to the Federal Government without incurring any expense or obligation to the Town. After due preparations these applications were filed and we await the approval of same and if approved they will be presented to the town for further action.

Through the efforts of Town Clerk and Accountant Charles A.

Owen and Treasurer and Collector Simeon C. Fuller the financial affairs of the Town are in a condition that is very gratifying to the taxpayers.

The balance sheet at the close of the year shows the sum of \$93,892.59 cash on hand, with all bills paid. The surplus revenue of the Town is \$73,612.46.

Owing to the Town's financial condition the Town of Stoneham was one of the few municipalities which avoided an increase in the tax rate.

Due to the splendid work of the Finance and Advisory Board and the co-operation of all town departments, the financial showing of the Town was such that we were able to borrow money at an unprecedented low rate of interest.

Carrying out the vote passed at the Annual Town Meeting, the old Center School building has been demolished.

Many conferences have been held with the Eastern Massachusetts Street Railway Company relative to the reduction of fares and better service and if promises mean anything, we should receive better service in the future.

Mr. Luther Hill, Town Counsel, has attended all meetings of the Board and taken care of all legal business pertaining to the Town's affairs. He has represented the Town at many hearings for their best interest.

Due to the splendid work of our Fire Department, under the supervision of Chief William F. McCall, this Town has again had a reduction in fire insurance rates.

The Police Department, under Captain J. Clarence Nelson, is to be commended for the efficient work they have rendered this year.

The Board of Public Welfare has had many trying problems which they have met in a very businesslike manner. By reason of Public Works activities, especially in the matter of road resurfacing, many men have been given employment who otherwise might be obliged to apply for assistance from the Board of Public Welfare. This has relieved the welfare load to a great extent and as a result the Town finds itself with comparatively low Public Welfare expenditures.

Our Board of Park Commissioners, Mr. William F. Wilson chairman, has labored well and faithfully in improving our playgrounds.

A word for the Highway Department. The equipment used for the maintenance of highways and sidewalks in the summer months is quite adequate, but when it comes to the removal of ice and snow, the Board feels that it would be economy to have at least one tractor and one large truck, which could be used for both purposes.

The Board of Assessor's burden has been increased this year

due to the new law calling for valuations as of January 1st instead of April 1st as heretofore.

Jurors Drawn: Martin F. McDonough, Clyde R. Dodge, James Hacking, Edward F. Gay, Edward F. Bourgeau, Henry P. McLaughlin, Joseph A. Keenan, Charles S. Rice.

The Board feels that they are recording the sentiment of the citizens with regret in the loss of two faithful employees, George M. Jefts and Walter Gorham.

At the writing of our report, we learn, with regret, of the loss of another honored citizen, George W. Newhall, who served the Town as an Assessor for thirty years.

In conclusion we wish to commend all departments for their splendid work and co-operation of all employees of the Town which has helped us to carry on through a difficult year of administration.

Respectfully submitted,

HARRY R. DOCKAM.

THOMAS E. CAHILL.

EVERETT C. HUNT.

Board of Selectmen.

Legal Department

To the Honorable Board of Selectmen:

I submit herewith my fifth annual report as counsel for the Town of Stoneham.

The duties of the Town Counsel for the past year have been varied, more so than usual, because of the conditions through which we are passing, politically and economically.

The Governmental agencies such as the E. R. A., and the P. W. A., have called upon Town Officials, especially the Selectmen, Superintendent of Public Works and Board of Public Welfare, for much of their time and thought, and the Town Counsel has assisted when his services have been requested. He has prepared papers and assisted in obtaining surface drainage rights for work under these projects. He wishes to take this opportunity to thank Myron P. Peffers, Esq., for his co-operation in obtaining easements in the Franklin-Perkins Streets projects.

The Town Counsel has assisted the Selectmen and Captain Nelson in obtaining the co-operation of the Massachusetts Department of Public Works in various safety measures such as the marking of traffic lines on South Main Street, and taking up the marking of lines and traffic signs on North Main Street. An effort was made to have traffic lights at Main Street and Broadway but the Department of Public Works, after an exhaustive investigation and report to the Selectmen did not think them advisable.

During the year the Oscar W. Lundberg case has been disposed of as well as the last of the Gould Meadow cases, that of James C. Hughes.

It is evident that the taxpayers feel that the Assessors are performing their duties as fairly as they can under the present trying conditions, for there has been but two Tax Appeal cases brought to Court, two by the Prudential Life Insurance Company, and these were settled on a satisfactory basis for the Assessors after preparation for hearings, and after the parties were in Court ready for trial.

The Town Counsel has assisted the Board of Public Welfare on several occasions and has brought one suit on their behalf, which probably will be settled without trial.

As in the past he has attended the regular meetings of the Selectmen and has rendered opinions, oral and written, on various questions. He has also attended special meetings of the Board as well as special joint meetings of the Selectmen, Finance Committee and Park Commission, and other boards.

The Town Counsel has attended hearings at the State House and before the Metropolitan District Commission and has had various conferences with Mr. Waddell's office of the Department of Accounts.

A substantial claim is pending against the Town by the E. L. Patch Company for damage done to its sprinkler system while the water main was being laid through Montvale Avenue during the Summer of 1933. A large amount of gravel was forced into the sprinkler system causing damage as alleged to the amount of \$902.64. No suit has been brought but this matter will receive the attention of the voters through an article in the annual Town Warrant. The claim has been investigated by the Town Counsel, the Selectmen and Department of Public Works.

On occasions your Town Counsel has given opinions to the School Committee, the Finance and Advisory Board and such other Town Committees and officials as have requested them.

In July the Selectmen's attention was called to the fact that there was outstanding \$13,122.42 in unpaid water rates. The Town Counsel was instructed to assist the Tax Collector in the collection of these unpaid water rates and through the co-operation of the Selectmen, Town Counsel, Tax Collector, Superintendent of Public Works and his department, some \$7,000.00 was collected. Since then other substantial amounts have been obtained through the co-operation of the Tax Collector, Town Counsel and Selectmen.

The Town Counsel has acted as attorney for the Selectmen at one special hearing and matters connected therewith.

The Town has been fortunate to have been fairly free from litigation the past year. Several small claims have been settled satisfactory to the Selectmen. It is apparent that the conditions of the times have impressed the townspeople with the fact that any additional expense to the Town is an added expense to be distributed among its citizens.

The suits pending against the Town remain the same as in the 1933 report except the Hughes case which has been disposed of.

Acting in co-operation with Captain J. Clarence Nelson a set of rules and regulations for the Police Department was drawn up and adopted by the Selectmen, and printed in book form, and the department has an up-to-date set of rules and regulations similar to those of departments in other Towns.

Without going into further detail regarding the Legal Department of the Town, the Town Counsel wishes to thank the Selectmen, the Town Officials and the various departments for the co-operation and courtesy extended to him during the year. He has endeavored to perform his duties to the best of his ability and to preserve the interests of the Town.

Respectfully submitted,

LUTHER HILL, Town Counsel.

Police Department

To the Honorable Board of Selectmen:

Gentlemen :—I have the honor to submit, as Captain of Police for the Town of Stoneham, the following report for the year ending December 31, 1934.

The regular members of the Police Department are: Captain, J. Clarence Nelson; Sergeants, John G. O'Brien and William H. O'Toole; Patrolmen, Dennis L. McKinnon, George E. Johnson, Thomas J. Flynn, Andrew J. Tuney, John P. Judge, Robert H. Bradley, George J. McDonough, and Ellis B. Bradshaw. Reserve Officers: Warren H. Barnes, John G. McHale, Peter F. O'Toole, and George N. Savard.

COMPLAINTS AGAINST POLICE OFFICERS DURING THE YEAR ENDING
DECEMBER 31, 1934

January 6, 1934. 1 Patrolman. (1) Being under the influence of intoxicating liquor. (2) Conduct unbecoming an officer. Guilty. Suspended for 30 days without pay.

February 28, 1934. 1 Patrolman. Granted 30 days leave of absence.

October 20, 1934. 1 Patrolman. (1) Being under the influence of intoxicating liquor. (2) Violation of the following Rules and Regulations of the Stoneham Police Department. (a) Absence from duty. (b) Neglect of duty. (c) Leaving the confines of the Town of Stoneham without permission. Guilty. Demoted to Reserve Officer.

In 1934, 46 days were lost by officers of the Department by reason of sickness.

In 1934, 180 days were worked by Reserve Officers of the Department.

January 16, 1934, Patrolman William H. O'Toole was promoted to the rank of Sergeant.

May 1, 1934, Reserve Officer George J. McDonough was promoted to a Regular Officer.

December 15, 1934, Reserve Officer Ellis B. Bradshaw was promoted to a Regular Officer.

POLICE REGULATIONS

March 26, 1934, the Board of Selectmen adopted a set of Rules and Regulations for the government of the Police Department. All rules, regulations, and orders affecting the same that have been in force, issued by the Board of Selectmen or the Captain of Police are hereby revoked.

By order of the Selectmen,

HARRY R. DOCKAM, Chairman,

EVERETT C. HUNT,

THOMAS E. CAHILL,

Selectmen of Stoneham.

Adopted March 26, 1934.

Compiled by J. Clarence Nelson, Captain of Police.

Luther Hill, Town Counsel.

TAXI-CAB FARES AND STANDS

J. Clarence Nelson, Captain of Police,
Stoneham, Mass.

My Dear Mr. Nelson : — On May 8th the Selectmen, after conference with taxi owners established the following rates of fares:

Fare to or from any part of Stoneham with the exception of the New England Sanitarium, 25 cents.

Fare to or from the New England Sanitarium, 50 cents.

Taxi stands were assigned as follows: No. 1 on Main Street, north of crosswalk; Nos. 2 and 3 as now located. An extra location on Franklin Street, north side, corner of Central Square; also Main Street, east side, corner of Franklin Street.

Very truly yours,

BOARD OF SELECTMEN.

By Charles A. Owen, Clerk.

On November 13, 1934, the Police Department received the following letters:

BOARD OF SELECTMEN

J. Clarence Nelson, Captain of Police,
Stoneham, Mass.

The Board of Selectmen commend your efficient work and that of the officers of your department in the recent cases in the town which have attracted wide attention. The prompt action of you and your officers in enforcing the law and preserving the peace is a credit to the department and to the Town of Stoneham.

The Captain of Police will read this communication at roll call.

HARRY R. DOCKAM, Chairman,

EVERETT C. HUNT,

THOMAS E. CAHILL,

Board of Selectmen.

FROM THE MAYOR AND BOARD OF ALDERMEN OF MALDEN

Resolved: That it is the sense of the Board of Aldermen, that the quick action in the capture of the slayer of the late Patrolman Isaiah L. McLean is commended highly by this Board and thanks given to the Police Commissioner, the Police Department of Malden, the Metropolitan Police, Stoneham, Medford, and Everett Police, and any others who assisted in any way; and a copy of this resolve be sent to the above departments.

SOREN WILLESEN,

Alderman Ward No. 5.

Copy of Resolve No. 399, Passed by the Board of Aldermen,

November 13, 1934,

Attest, Bessie L. Holden, City Clerk, Malden, Mass.

As a result of a request from the Governor's Committee on Street and Highway Safety, from June 1st to November 30th, our officers gave full co-operation with that department, giving out 429 cards with warning notices, these cards being furnished by that department with a duplicate to be returned to Lloyd A. Blanchard, Executive Secretary.

The Captain desires at this time to express his grateful appreciation for the co-operation and support given to him by the Honorable Board of Selectmen, and all the members of the department.

Respectfully submitted,

J. CLARENCE NELSON,

Captain of Police and Lockup Keeper.

Fire Department

To the Honorable Board of Selectmen:

Gentlemen : — The Engineers of the Fire Department respectfully submit the following report:

There have been 186 alarms as follows: 101 bell and 85 still, three of these were false alarms.

Value of Property Endangered	\$225,675.00
Insurance Thereon	173,200.00
Estimated Loss	3,071.00
Net Loss	950.00

There has been used at fires 23,830 feet of hose, 718 feet of ladders and 1,239 gallons of chemical.

We believe our motor equipment to be in first class condition and to be sufficient for the needs of our town. We have added this year a lighting unit and we have found it invaluable in fighting night fires.

This year we recommend the replacement of the old Eastman deluge set with a modern deck gun at a cost of about \$275.

Our fire alarm system is in much the same condition as last year and we strongly urge the recommendation made by last year's committee be carried out and that this system be modernized.

We have in service 5,500 feet of 2½ inch hose and 1,200 feet of 1½ inch hose. We recommend the purchase of 500 feet of 2½ inch hose.

We wish to thank your Honorable Board for the co-operation, advice and encouragement given us and to thank the Police Department for their assistance at fires. We would also commend the officers and men of the Department for their prompt response and the efficient performance of their duties.

Respectfully submitted,

WILLIAM F. MCCALL.

FRED L. NEWHALL.

Public Works Department

To the Honorable Board of Selectmen:

Gentleman: — I herewith submit my annual report as Superintendent of Public Works, for the year ending December 31, 1934.

HIGHWAYS, CATCH BASINS, DRAINS, ETC.

Every street in the town was thoroughly cleaned in the Spring and in the Fall. All streets were kept in a safe condition by patching and repairing. 54,750 gallons of tar were applied on various streets, covered with sand and honed with a road drag. A smooth riding surface was obtained. As very little tar was applied in 1933, the work of patching was increased considerably. Practically all of the patching material was mixed in our own yard to give work to local labor.

The drainage of the Town was kept free by periodical clean-

ing and bad drainage conditions in several sections were eliminated by the installation of new catch basins. New sections of drains were constructed on the following streets: Myrtle Street, Elm Street near the Wakefield line, Spring Street near the Wakefield line, Hancock Street and Congress Street. The bridge at Lindenwood Road was repaired and reinforced. In addition the Highway Department furnished all materials, tools and equipment for drains constructed by the ERA on North Avenue, Harrison Street, East Street and Sweetwater Brook.

Under the Highway appropriation all gravel sidewalks were maintained and new gravel sidewalks constructed where necessary. Utility and emergency services are generally passed along to the Highway division and the Department responded this year as it has in the past.

Previous to the September Town Meeting, all ERA expenditures for materials, excepting sewer and water jobs, were taken from the Highway appropriation. This expense, together with the cost of planning new projects and giving service to projects with tools, machinery and supervision was an added drain on the Department appropriation.

WATER DEPARTMENT

The expense of this Department was increased by the severe cold weather in the first two months of the year. Scores of services were frozen and main pipes and hydrants required considerable attention. The relaying of new pipes on Franklin Street and Summer Street, under adverse conditions, also had a deterring effect on the entire system and caused numerous breaks which the Department was compelled to repair. Water takers were given good service throughout the year. All hydrants were inspected and kept to the proper standard to insure adequate fire protection. Five new hydrants were installed and nine defective hydrants were replaced.

Water mains were installed as follows: Summer Street 5300 feet of 8 inch cast iron pipe replacing old cement pipe, Franklin Street 6114 feet of 10 inch cast iron cement lined pipe replacing old cement pipe, and Park Street 1100 feet of 6 inch cast iron pipe from dead end to Fallon Farm.

14 new water services were laid, 9 services repaired and 10 services relaid during the year.

SEWER DEPARTMENT

The maintenance of the sewerage system was conducted as in the past and all main pipes were cleaned of roots and foreign matter at least twice during the year. The Department also corrected promptly all stoppage and breaks with a minimum of inconvenience to the users.

A new sewer main was constructed on Elm Street near the Wakefield line with ERA labor. This system is composed of a

gravity line flowing to a sump near Green Street from where it is pumped through a force main to the Elm Street gravity line flowing westerly. The new pumping unit works automatically and operates at a small cost.

The pumping station of the South Side sewer was inspected each week and functioned perfectly at a minimum expense. Most of the abutters on the Elm Street sewer and the South Side sewer have connected with the new systems.

31 new sewer connections were made during the year.

STREET SIGNS AND STREET RAILS

As in the previous year, the major expenditures under the street signs appropriation were for the operation of signal lights and the marking of traffic lines. All street and traffic signs were painted and kept in repair but many of them are of such age that they should be replaced with new signs. New signs were erected this year, only where they were of an absolute necessity.

The appropriation for street railings was sufficient to repair extremely bad sections and did not allow for painting. Railings were repaired on Cottage, Franklin, Pleasant Streets and Highland Avenue.

SNOW AND ICE

Due to the abnormal winter, snow removal expenditures showed a large increase over the previous year. Hired equipment for plowing snow and labor constituted the major items.

The departmental equipment was kept in good condition and aided in keeping the streets clear.

It is my belief that the service in snow removal will benefit by the purchase of two sidewalk tractors and a road grader snow plow. This equipment can be put to other use and will save the Town its purchase price.

SIDEWALKS AND EDGESTONES

The work of repairing tar concrete sidewalks was let out to contract. 2224 square yards were repaired and 35 square yards of new tar concrete sidewalk were laid during the year. In addition the Town laborers constructed 41 square yards of granolithic sidewalk on Flint Avenue.

To promote safer traffic conditions, corners were rounded and edgestones placed at Hancock and Wright Streets, Pleasant and Gould Streets, Warren and Hancock Streets, and Bellevue Road and Shumway Circle. Also 200 feet of straight curbing was placed on Cottage Street.

FRANKLIN STREET ROAD CONSTRUCTION

As the foundation on Franklin Street was composed for the most part of good gravel and stone, my recommendation last year was for the construction of a Type "D" roadway. This was completed during the year with the financial assistance of the State

and County. The finished job received the approval of the State and County officials, and although this type of construction is comparatively new, it is my opinion that it will wear well and justify its construction.

E. R. A.

The following projects of the CWA and the ERA were done under the supervision of my department: Franklin Street water main, Summer Street water main, North Main Street gravel sidewalk, East Street drain, Spring Street drain, Harrison Street drain, Spencer Street drain, Sweetwater Brook cleaning and walling, Sunset Road open drain, Park Avenue gravel sidewalk, Washington Street drain, Summer Street road construction, Emerson Street parking space grading, Elm Street sewer construction, Wright Street granolithic sidewalk, and Central Square granolithic sidewalk.

Previous to the September Town Meeting, all expenses on these projects, with the exception of labor supplied by the ERA, were furnished by the special and general appropriations of the Public Works division. These expenses embraced materials, machinery and equipment, tools and supervision and trucking. Many of the projects were of a decided benefit to sections of the Town in which they were located and in ordinary course of events would not have been completed except gradually over a period of years in accordance with appropriations. I and the employees of my Department have co-operated in the progress of the work and have been pleased to give every assistance in their completion.

IN GENERAL

The Public Works Department has made every effort to give the townspeople prompt and efficient service throughout the year.

Buildings and equipment were kept in repair and the general condition of all Town property kept at a proper standard.

To the best of its ability the Department has co-operated fully with all Town Committees and Department Heads.

With the assistance of the Unemployment Committee, many of the unemployed were given work during the year, a total of 421 men appearing on our payrolls.

In this report, it is my desire to extend thanks to your Honorable Board for the advice and co-operation which you have given me during the year. I also wish to express my appreciation to the various committees who have assisted me and to the employees of my department for their loyalty and co-operation.

To the citizens of Stoneham let me express my appreciation for their patience and understanding in their relations with my Department.

Respectfully submitted,
C. J. SWEENEY, Superintendent.

Building and Wire Inspector

To the Honorable Board of Selectmen:

Gentlemen : — I herewith submit my report as Inspector for the year 1934 as follows:

BUILDINGS

I have issued 75 Building Permits and 9 Elevator Licenses.

PERMITS

Dwellings	8
Garages	27
Additions	23
All Others	17
<hr/>	
Total	75
Estimated Cost	\$69,110.00

I have collected in fees and paid to the Treasurer \$167.00.

WIRES

Number of Permits Granted 181

I have collected in fees and paid to the Treasurer \$127.50.

CIVIC CENTER PROPERTY

I have collected Rents to the amount of\$2,128.00

I have paid to the Treasurer\$2,128.00

Respectfully submitted,

CHARLES BALDWIN,

Inspector of Buildings and Wires.

Sealer of Weights and Measures

To the Honorable Board of Selectmen:

Gentlemen: — I submit herewith my report for the Department of Weights and Measures, year ending December 31, 1934. Much new equipment for weighing and measuring has been installed in the town during the past year, all of good quality and accuracy. Merchants and dealers of all kinds have shown a fine spirit of co- operation with the Sealer's Department.

Increases in sealing fees show a substantial amount this year owing to the new law regarding fees for measuring meters. Fees to the amount of \$62.41 have been collected and turned over to the Town Treasurer whose receipt I hold.

Once again I recommend the housing of the Town Scale. It is a shame to leave a scale as valuable as this open to the weather, repairs will have to be made much sooner unless a housing is provided.

A detailed summary of the work performed during the year follows:

1934 SUMMARY OF WORK

Device	Adjusted	Sealed	Non-Seal.	Condem.
Scales				
Platform over 5,000 lbs.	2	4		
Platform 100 to 5,000 lbs. ..	9	16

Totals	41	526	1	5

Respectfully submitted,

J. ALGERNON FORBES,

Sealer of Weights and Measures.

Inspector of Animals

To the Honorable Board of Selectmen:

Gentlemen: — I hereby submit my report for the year ending December 31, 1934.

I have inspected all animals and premises where same are kept within the limits of the town and my findings and necessary reports have been made to the proper authorities.

At the request of the State Department all owners of cows in the Town of Stoneham agreed to have their herds receive the Tuberculin Test. This test was made during the months of October and November and infected cattle were disposed of within the required time which was thirty days. The Tuberculin Test in Stoneham showed a very small percentage of reactors in comparison with some of the other towns where the test has been made. While the above test required a great deal of time and supervision

in connection with the cleaning up and disinfecting of the buildings where milking cows were kept, I feel repaid in this way that I report that all milk that is produced within the limits of the town comes from animals who have received and passed the Tuberculin Test.

Your inspector has also tended to the duties in connection with quarantining and inspection of dogs in cases where persons have been bitten. Reports on these cases have been forwarded to the State Department as required.

In closing I wish to take this opportunity to thank your board for your co-operation and also various townspeople whom I have come in contact with during the past year.

Respectfully submitted,

WILLIAM H. ROLFE,

Inspector of Animals.

Public Weigher

To the Honorable Board of Selectmen:

Gentlemen:—I hereby submit the following report of weighing on town scales:

10 loads at 10c each	\$ 1.00
7 loads at 15c each	1.05
11 loads at 20c each	2.20
4 loads at 25c each	1.00
13 loads at 30c each	3.90
47 loads at 35c each	16.45

	\$43.05

Respectfully submitted,

ARTHUR O. WHEELER, Weigher.

Report of Committee on Street Lighting

February 9, 1935.

To the Honorable Board of Selectmen:

Stoneham, Mass.

Gentlemen:—The committee appointed by your board to study the present street lighting system, with a view to reducing the size and number of lamps to the end that "all night" lighting might be enjoyed at a cost no greater than the present cost, respectfully presents its report.

Realizing that the major purpose of street lighting is to promote the safety, comfort and convenience of the public, your committee has endeavored to make a careful study of the various sizes,

types and locations of lamps in all sections of the town, to determine the extent of the economies that could be affected without impairing the benefits of street lighting to the public.

Good street lighting involves proper visibility, appearance and economy. The installation of street lighting cannot be a hit or miss affair, if the town is to obtain full value for its investment. The existing lighting system appears to have been installed without proper consideration as to correct location, with the result that in some sections lights are located on every other pole, while in other sections, equally developed, there are five to six poles between lights. Survey of the system also shows many cases where the value of street lighting is almost entirely lost, due to the interference of foliage. To correct this condition, your committee recommends that the Tree Warden be instructed to regularly trim the branches of all trees whose branches interfere with the proper distribution of light.

The committee also recommends that all future applications for street lights, shall first be approved by the Inspector of Wires, in order that a proper sense of uniformity may obtain. The committee further recommends that for all ordinary residential locations, an 80c p. lamp be adopted as standard.

The following table shows the distribution of street lights and the recommendations of the committee.

<hr/>						
509						\$ 12,061.00
Difference					\$ 1,516.25

The cost for making the above changes is estimated by the Edison Electric Illuminating Co. to be approximately \$861.25.

In addition the town will be required to pay the entire cost for each new installation, thereafter, until the fixed charges for the total number of lamps installed shall equal the fixed charges of the lamps existing before the changes were made.

However, the committee is of the opinion that even though the town may be required to pay for such changes and additional installations, the savings involved warrants this investment.

Respectfully submitted,

PATRICK J. CALLAHAN, Chairman,
PENDER S. HUMPHREY, Secretary,
CHARLES BALDWIN,
EDWARD S. STROBEL,
RALPH A. JENKINS,

Committee on Street Lighting.

REPORT OF TREE WARDEN AND SUPERINTENDENT OF MOTH WORK

To the Citizens of Stoneham:

I hereby submit my report as Tree Warden and Superintendent of Moth Work for the year ending December 31, 1934. The appropriation for planting and care of shade trees was \$1,075. I have taken up the work and carried it on as I thought Mr. Jefts would have done it. The usual tree planting was done this season. Practically all roadside brush has been cut and burned and all poison ivy has been destroyed on town property. There has been trimming done on practically every street in the town.

Contrary to expectations the severe winter of 1933-34 did not decrease the number of insect pests. The tent caterpillar has been very abundant. The sum of \$3,514.96 has been spent on moth work. About one-half of this amount will be returned to the town in the payment of moth taxes.

Respectfully submitted,

PERCIVAL H. WARDWELL,
Tree Warden and Superintendent of Moth Work.

REPORT OF TRUSTEES OF LINDENWOOD CEMETERY

For many years previous to 1933 the walks and avenues have been badly undermined and washed away during storms, making travel extremely dangerous. The work of macadamizing was begun in 1933 and continued through 1934.

475 yards of new concrete.

60 yards of concrete for repairs.

Work done by Thomas Mulroney at a cost of \$558.50.

1610 Gallons of Oil was bought of the Standard Oil Company at a cost of \$185.15 and 39 yards of sand from W. C. Doherty at a cost of \$48.75.

If this plan is continued the avenues will soon be in condition to withstand the storms and save a lot of work in repairs later.

There are a few vacant plots which are being dug over and made ready for burial lots which will care for all demands for two years at least. After that lots will have to be prepared in the new purchase which was made in 1932.

A statement of the financial condition of the cemetery follows:

Appropriation for Lindenwood	\$4,000.00
Addition from Reserve Fund	127.18
Appropriation for Old Burying Ground	100.00
Income from Perpetual Care	2,244.00

Bills paid as per Town Accountant's Report	\$6,471.18
--	------------

CEMETERY RECEIPTS

Received from sale of Lots	\$ 350.00
Received from sale of Graves	300.00
Received from care of Lots	596.00
Received from opening Graves	1,362.00
Received from Foundations	130.00
Received from repairs	56.00

\$2,794.00

Respectfully submitted,

FRED E. NICKERSON,
GEORGE R. BARNSTEAD,
CHARLES W. MESSER,
SIMEON C. FULLER,
WILFRED A. SMITH,

Trustees.

TOWN TREASURER'S REPORT

Balance on Hand January 1, 1934	\$ 75,828.69
Total Receipts for the year 1934	1,260,010.90
	<hr/>
	\$ 1,335,839.59
Payments as per Selectmen's Warrants	\$ 1,241,947.00
	<hr/>
Balance on Hand January 1, 1935	\$ 93,892.59

Details of receipts and payments will be found in the Accountant's Report.

Respectfully submitted,
SIMEON C. FULLER, Treasurer.

REPORT OF TOWN ACCOUNTANT

Herewith is presented the report of the Town Accountant for the year ending December 31, 1934. The report is made in accordance with the requirements of the State System of Accounting.

Unexpended balances of appropriations turned back into the Treasury amounted to \$13,179.96.

Unpaid taxes are \$217,568.79, unpaid water rates, assessments and miscellaneous bills \$37,114.57 and the Town holds tax titles which represent unpaid taxes amounting to \$41,589.17.

There are no unpaid bills and the only obligation of the Town is an Anticipation of Revenue Loan for \$200,000.00 due October 15, 1935. The Cash balance at the close of the year was \$93,892.59 and there is a surplus revenue (Excess and Deficiency Account) amounting to \$73,612.46.

As in previous years I wish to sincerely thank the various town departments for their splendid co-operation.

Respectfully submitted,

CHARLES A. OWEN, Town Accountant.

Attest: CHARLES A. OWEN, Town Accountant.

Middlesex, ss.

February 12, 1935.

Subscribed and sworn to before me this day.

LUTHER HILL, Notary Public.

TOWN WARRANT

To J. Clarence Nelson or either of the Constables of the Town of Stoneham, in the County of Middlesex, Greeting:

In the name of the Commonwealth of Massachusetts, you are directed to notify and warn the inhabitants of the Town of Stoneham, qualified to vote in elections and town affairs, to meet in Armory Hall,

MONDAY, MARCH 4, 1935

at seven o'clock in the morning, to act on the following articles of this warrant:

Article 1. To choose the following officers:

Moderator for one year.

Three Selectmen for one year.

Treasurer for one year.

Tax Collector for one year.

One Assessor for three years.

One member of the Board of Public Welfare for three years.

Three Constables for one year.

One member of the Board of Health for three years.

One member of the School Committee for three years.

One Park Commissioner for three years.

One Park Commissioner for one year.

Tree Warden for one year.

Two Trustees of the Public Library for three years.

One Trustee of Lindenwood Cemetery for five years.

All on one ballot.

The polls will be open at seven o'clock in the forenoon and closed at eight o'clock in the evening.

For consideration of the following articles, the meeting will be adjourned to meet at thirty minutes after seven o'clock in the evening, on MONDAY, MARCH 11, 1935.

Article 2. To choose all other necessary Town Officers for the year ensuing in such manner as the Town shall determine.

Article 3. To hear the reports of Town Officers and Committees and to act thereon and to choose Committees.

Article 4. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and to make appropriations for the same.

Article 5. To see if the Town will vote to authorize the Town

Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1935, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 6. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money for general municipal purposes under authority of and in accordance with the provisions of Chapter 49, of the Acts of 1933, or take any action relative thereto.

Article 7. To see if the Town will vote to purchase one or more parcels of land to be used as a public dump or dumps, raise and appropriate money therefor or do anything in relation thereto.

Article 8. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to issue and sell, from time to time, as occasion requires, town notes, bonds, or other evidences of indebtedness, for the purpose of defraying the cost of extending water mains or relaying water mains within the limits of the Town, to an amount not exceeding twenty-five thousand dollars (\$25,000.00), pass any vote or votes relative thereto, or do anything in relation to the same.

Article 9. To see if the Town will vote to authorize the Selectmen to grant free use of Armory Hall to Veterans organizations and to organizations of a community nature.

Article 10. To see if the Town will vote to pay the rent of quarters or to lease quarters for the use of J. P. Gould Post No. 75, G. A. R.; Leon E. Warren Camp 31, U. S. W. V.; Stoneham Post No. 115, American Legion, raise and appropriate money therefor or do anything in relation thereto.

Article 11. To see if the Town will vote to authorize the Board of Health to appoint one of its Board members, Health Officer and Milk Inspector and raise and appropriate money therefor.

Article 12. To see if the Town will appropriate a sum sufficient to pay the County of Middlesex as required by law on account of assessments levied on the Town for its share of the principal of the Middlesex County Tuberculosis Hospital Funding Loan, Acts of 1932 bonds maturing in 1935, issued in compliance with Chapter 10, Acts of 1932; also for any other indebtedness incurred and outstanding under said Chapter 10; also for the Town's share of the cost and interest on said bonds due in 1935; also for the care, maintenance, and repair of said hospital for 1934, and including interest on temporary notes issued therefor in accordance with sections of Chapter 111 of the General Laws applicable thereto, and for all other expenses in connection therewith, determine how money shall be raised, or in any way act thereon.

Article 13. To see if the Town will vote to raise and appro-

appropriate a sum of money for Christmas lighting, appoint a committee to expend such sum or do anything in relation thereto. (Planning Board).

Article 14. To see if the Town will vote to raise and appropriate a sum of money to be used for the purchase of materials, appliances, truck hire and other expenses in connection with Federal Aid projects. (Selectmen).

Article 15. (a) To see if the Town will vote to accept Section 13A of Chapter 40, General Laws, (Workmen's Compensation). (b) To see if the Town will vote to raise and appropriate a sum of money to establish and maintain an insurance fund to pay Workmen's Compensation, from which any compensation payable under the provisions of Section 69 to 75 inclusive of Chapter 152, General Laws, shall be paid. (Taxpayers' Association).

Article 16. To see if the Town will vote to raise and appropriate a sum not exceeding One Hundred Dollars (\$100.00) to pay the Estate of Annie F. Doherty for an easement given in the year 1915 for laying a common sewer through the land of said Annie F. Doherty. (James J. McDonald).

Article 17. To see if the Town will vote to raise and appropriate a sum of money to pay E. L. Patch Company for damages caused to its sprinkler system in the year 1933. (Selectmen).

Article 18. To see if the Town will vote to raise and appropriate a sum of money to pay for the installation of traffic signals at the junction of Main Street and Hancock Street or do anything in relation thereto. (Captain of Police).

Article 19. To see if the Town will vote to raise and appropriate a sum of money for the installation of a fire alarm box at or near the junction of Spring Street and East Street or do anything in relation thereto. (Residents of district).

Article 20. To see if the Town will vote to reconstruct the Fire Alarm System, raise and appropriate money therefor, or do anything in relation thereto. (Fire Department).

Article 21. To see if the Town will vote to raise and appropriate a sum of money for the addition of two police patrol boxes to the present police signal system or do anything in relation thereto. (Captain of Police).

Article 22. To see if the Town will vote to raise and appropriate a sum of money for the purchase of a motorcycle for the Police Department and authorize said department to sell or turn in one motorcycle now on hand or do anything in relation thereto. (Captain of Police).

Article 23. To see if the Town will vote to raise and appropriate a sum of money for the installation of a teletypewriter in the Police Department or do anything in relation thereto. (Captain of Police).

Article 24. To see if the Town will vote to raise and appro-

priate a sum of money for the purchase of a sprayer for moth work or do anything in relation thereto. (Supt. of Moth Work).

Article 25. To see if the Town will vote to raise and appropriate a sum of money for the purchase of a truck for the Moth Department or do anything in relation thereto. (Supt. of Moth Work).

Article 26. To see if the Town will vote to raise and appropriate a sum of money for the building of steps, landscaping and loaming on the Pomeworth Street Playground or do anything in relation thereto. (Park Commissioners).

Article 27. To see if the Town will vote to raise and appropriate a sum of money for the purchase of a truck for the Infirmary and authorize the disposal of truck now on hand or do anything in relation thereto. (Board of Public Welfare).

Article 28. To see if the Town will vote to raise and appropriate a sum of money to pay for police service at school athletic contests or do anything in relation thereto. (School Dept.).

Article 29. To see if the Town will vote to raise and appropriate a sum of money for the purchase of a compressor for the Public Works Department or do anything in relation thereto. (Supt. Public Works).

Article 30. To see if the Town will vote to raise and appropriate a sum of money for the purchase of a road grader and snow plow for the Public Works Department or do anything in relation thereto. (Supt. Public Works).

Article 31. To see if the Town will vote to raise and appropriate a sum of money for the purchase of a three-ton truck for the Public Works Department or do anything in relation thereto. (Supt. Public Works).

Article 32. To see if the Town will vote to raise and appropriate a sum of money for the purchase of two sidewalk tractors for the Public Works Department or do anything in relation thereto. (Supt. Public Works).

Article 33. To see if the Town will vote to raise and appropriate a sum of money for relocation and specific repairs on Green Street as ordered by County Commissioners or do anything in relation thereto. (Residents of Green Street).

Article 34. To see if the Town will vote to raise and appropriate a sum of money for the construction of a drain from Main Street through the property of Russell H. Lynn and others to a point near the property of the Bear Hill Golf Club or do anything in relation thereto. (A. C. Farr and others).

Article 35. To see if the Town will vote to re-lay the water main in Pond Street between Franklin Street and Summer Street, raise and appropriate money therefor by the sale of notes, bonds or otherwise, or do anything in relation thereto. (Supt. Public Works).

Article 36. To see if the Town will vote to construct a sewer

in and through Perkins Street from Orris Street, so-called, to Newcomb Road, so-called, raise and appropriate money by the sale of notes, bonds or otherwise or do anything in relation thereto. (Charles C. Doyle).

Article 37. To see if the Town will vote to construct a sewer in and through Royal Street throughout its entire length or any part thereof, raise and appropriate money by the sale of notes, bonds or otherwise, or do anything in relation thereto. (Charles Caswell).

Article 38. (a) To see if the Town will vote to accept as a public way, Royal Street, as laid out by the Board of Survey. (b) To see if the Town will vote to raise and appropriate a sum of money for the surfacing of Royal Street under the laws relating to the assessment of betterments or otherwise or do anything in relation thereto. (Charles Caswell).

Article 39. To see if the Town will vote to raise and appropriate a sum of money for the erection of a backstop on the Pome-worth Street Playground or do anything in relation thereto. (Park Commissioners).

Article 40. To see if the Town will vote to resurface William Street throughout its entire length, or any part thereof, raise and appropriate money therefor by the sale of notes, bonds or otherwise, or do anything in relation thereto. (Selectmen).

Article 41. To see if the Town will vote to resurface Pond Street throughout its entire length, or any part thereof, raise and appropriate money therefor by the sale of notes, bonds or otherwise, or do anything in relation thereto. (Selectmen).

Article 42. To see if the Town will vote to amend the Zoning By-Law by adding at the end of the first paragraph of Section 7A of Article 1, the following: "Beginning at the most northerly corner on William Street and running southeasterly by William Street 93.28 feet; southerly by Central Street 128.95 feet; westerly by land now or formerly of Rebecca J. Beard et als 94.95 feet; northerly by Main Street 178.35 feet; northeasterly 5.9 feet to beginning," so that said paragraph will read:

"No Public Garage, Automobile Repair Shop, Greasing Station, Storage Battery Service Station or Gasoline Selling Station, or any of their appurtenances or accessory uses, shall hereafter be erected or placed within fifty feet on the street line of any Residence District. No driveway to such premises shall be in any part within fifty feet of any Residence District. No such Public Garage, Automobile Repair Shop, Greasing Station, Storage Battery Service Station, or Gasoline Selling Station, or any of their appurtenances or accessory uses, shall have any entrance or exit for motor vehicles within three hundred feet of the property used by any public or private school having more than twenty-five pupils, public library, church, playground, or institution for the sick, dependent, or for children under sixteen years of age having provi-

sion for not less than ten inmates, excepting the following described areas: Beginning at the northeasterly corner of Main Street and Hancock Street and thence running northerly by and along the easterly side of Main Street one hundred sixty-two (162) feet; thence easterly one hundred fourteen (114) feet; thence southerly one hundred sixty-six (166) feet to the northerly side of Hancock Street; thence westerly by and along the northerly side of Hancock Street ninety-nine and six tenths (99.6) feet to the point of beginning; also beginning at the most northerly corner of William Street and running southeasterly by William Street 93.28 feet; southerly by Central Street 128.95 feet; westerly by land now or formerly of Rebecca J. Beard et als 94.95 feet; northerly by Main Street 178.35 feet; northeasterly 5.9 feet to point of beginning. (Annie H. Candage).

Article 43. To see if the Town will vote to elect its Board of Selectmen at the next annual election in the following manner: One for the term of one year, one for the term of two years, and one for the term of three years and at each annual meeting thereafter elect one for the term of three years as provided in Chapter 41, Section 1, of the General Laws. (Almond H. Smith).

Article 44. To see if the Town will vote to amend the By-Laws by adding to Article XII a new section to be known as Section 22 reading as follows: "No person shall go from house to house within the Town, begging or soliciting alms or contributions for any person, cause, or organization, except a recognized local fraternal, religious or educational cause or organization, without having first recorded his name and address with the Captain of Police and furnished such other information as may be requested of him. The Captain of Police shall thereupon, if satisfied of the honesty of the applicant, issue a permit which shall state that said person has duly registered and is entitled to go from house to house for the purpose specified." (Captain of Police).

Article 45. To see if the Town will vote to amend the By-Laws by adding to Article XII a new section to be known as Section 23 reading as follows: "No person shall sing, play on or operate any musical instrument, in any public way, or solicit, or receive compensation therefor from bystanders or the public, without first having obtained a license therefor, from the Selectmen, who are hereby empowered to grant such licenses, with such restrictions as they deem necessary." (Captain of Police).

Article 46. To see if the Town will vote to amend the By-Laws by adding to Article XII a new section to be known as Section 24 reading as follows: "No person shall post, affix, or in any way attach any poster, handbill, notice, advertisement, or placard to or upon any post, wall, fencepost, sidewalk, tree, building, or structure without the permission of the owner or his agent." (Captain of Police).

Article 47. To see if the Town will vote to amend the By-

Laws by adding to Article XII a new section to be known as Section 25 reading as follows: "No person shall, in or upon any of the public grounds, streets, commons or vacant lands appurtenant to any public building, make any public address, deliver a sermon, preach, discourse, give a concert, expose for sale any goods, wares or merchandise, erect or maintain any booth, stand, or tent, or apparatus for the purpose of public amusement or show, in the town except by license of the Board of Selectmen." (Captain of Police).

And you are directed to have one thousand copies of this warrant printed, and to serve the same by posting up attested copies in at least ten public places in the Town seven days, at least, before the time for holding said meeting, and by causing an attested copy to be published in some newspaper in the Town, the publication to be not less than three days before said meeting.

The remaining copies you are to have at the place and time of meeting as aforesaid for distribution.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk at the time and place of meeting as aforesaid.

Given under our hands this twelfth day of February in the year One Thousand Nine Hundred and Thirty-Five.

HARRY R. DOCKAM,
THOMAS E. CAHILL,
EVERETT C. HUNT,

Selectmen of Stoneham.

Copy Attest: J. Clarence Nelson, Constable.

CORRECTION

Due to a typographical error the Street Railings account was omitted from the Highway Expenditures.
